STEP B PLAN YOUR SCHEDULE

Step B: Plan Your Winter Schedule of Classes.

We suggest that you use the following form to work out your ideal schedule. Be careful not to select classes that meet at the same time on the same days. Consult the listing of classes beginning on page 49. After listing your ideal schedule, list additional courses or sections that the computer can select if your first choices are not available.

Step C: Complete the Class Request Form Correctly.

The class request form is the blue and white sheet found in the envelope attached to the inside cover of this schedule. Additional forms are available at B-130 ASB.

The class request form will be read by a computer scanner. To avoid scanning error, use a No. 2 pencil and make bold, rounded figures when filling out the form.

Sample Class Request Form

(New Freshman Courses Used as Examples)

This sample shows you how to take the information from the Class Schedule and list it on the class request form.

Remember: Prioritize your desired classes. Most students list the classes for their major first, and many list more than one section of each course to assure receiving a complete schedule. The computer will not schedule you in more than one section of the same class (except R courses).

Brigham Young University Class Request Form

This form is read by applying substitution rules. You must exercise special care to make certain this form is read and interpreted. Failure to follow these instructions could result in injury to you or to other employees you do not desire. Use a safety shield if you must raise a hammer completely. A sample of how your form should look is on the reverse side of this form.

List classes you desire in priority order. The computer will attempt to put you in the classes or sections in the order you list them until you have received the maximum hours listed in part 5.

If the computer cannot place you in the classes listed below, it will attempt to place you in other sections of those classes you did not receive (graduates excluded). The more classes or sections you list, the greater advantage you have to receive the maximum hours you desire.

STEP D SUBMIT THE CLASS REQUEST FORM

Step D: Submit the Class Request Form on Time and AT THE RIGHT PLACE.

If you are on campus, submit your completed class request form to your advisement center or to B-130 ASB.

If you are away from campus, mail your completed class request form to B-130 ASB, BYU, Provo, Utah 84602. The envelope attached to the inside cover is addressed for this purpose.

Submit your class request form so that it is received at BYU before the following dates:

- | | |
|-------------------------|---|
| November 2 (5:00 p.m.) | For first priority in the scheduling of classes. |
| November 13 (5:00 p.m.) | For second priority in the scheduling of classes |
| December 2 (5:00 p.m.) | To register on time. Students failing to meet this deadline must late register beginning January 6, 1982, and pay a \$20.00 late fee (see Late Registration, page 8). |

Step E: Receive Confirmation of Classes and Pay Tuition.

The confirmation of classes and tuition assessment will be mailed:

November 30 M For students who meet the first- and second-priority registration deadlines.

December 7 M For students who meet the last-priority deadline.

These dates should be helpful in selecting the mailing address you indicate on your class request form.

The confirmation form (minus the student copy) and a check or money order to cover the amount of the assessed tuition should be mailed to BYU in the envelope provided. Drop boxes are also provided for students on campus who wish to save postage.

The deadline for tuition and fee payment is Friday, December 18, at 5:00 p.m. Students who fail to meet the tuition deadline will lose all classes for which they are scheduled, will be required to pay a late fee of \$20.00, and will need to late register (see Late Registration, page 8).

STEP E PAY TUITION

ADDITIONAL REGISTRATION INFORMATION

Additional Registration Information

Late Registration

Any student—new, continuing, or former—who fails to submit a class request form by December 2, 1981, or fails to pay tuition by December 18, 1981, must late register. Late registration begins Wednesday, January 6, 1982, in the Smith Family Living Center step-down lounge and will continue on a SPACE AVAILABLE BASIS until Tuesday, January 19, 1982. There will be a \$20.00 late registration fee assessed in addition to the regular tuition and fees.

*IMPORTANT NOTICE: The university reserves the right to close late registration at the time the student enrollment reaches the maximum number set by the Board of Trustees. Therefore, late registration forms will be processed on a first-come, first-served basis.

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 hours of credit in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be made by the college advisement center on the Change of Registration (Add/Drop) Card. Auditing of classes, registering for a class without receiving credit, or registering for evening classes constitutes a part of your total registration. Exceptions to these rules should be presented to the assistant dean of Admissions and Records, A-183 ASB.

Adding and Dropping Classes

Changes in registration are made by adding classes you wish to take and dropping classes you do not wish to take. Classes may be added or dropped beginning September 8. All changes require the approval of the instructor, indicated by the instructor's signature on your change of registration form (add/drop card).

The change of registration procedure is:

1. Obtain a change of registration form from the Registration Office or your college advisement center (see page 3 for listing).
2. Get the consent and signature(s) of the instructor(s).
3. Pay a \$3.00 fee per class to the university cashier (when applicable).

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the last five days of the add period, January 13–19. It is not possible to register for an audit class on the advance class request form. **You are charged the same fees for auditing classes as for credit classes.** Classes taken on an audit basis will not appear on your official record and will not be considered in calculating enrollment verifications.

Admission to Class

Students whose names are on the class roll are officially registered. If your name is not on the roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Another roll, sent out during the third week, includes the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to

8.0 hours during a semester or under 4.0 hours during a term are considered part-time. Students enrolled in 4.0 or less credit hours for the semester will be considered less than part-time. Audits do not count in students' total enrollment hours.

Evening Classes

Daytime students taking evening classes (section 90-99) must register for the courses at the same time they complete and submit the registration form for day school.

Those who register for evening classes only should register by mail or telephone (378-2872) prior to December 23, 1981. On-campus registration will be in the Evening Classes Office, 225 HRCB, from October 26 through December 29, 1981. Late registration will begin on January 6, 1982. A \$5.00 late fee will be assessed at that time and instructors' signatures will be required.

Faculty and employees who register for evening classes only must register by December 23, 1981. Employee tuition cards are available in the Evening Classes Office. A \$5.00 late fee will be assessed beginning January 6, 1982, and instructors' signatures will be required.

Registration for Faculty and Staff

(See page 41.)

Independent Study Programs (Formerly Home Study)

Independent Study is the university's "portable" program. It allows you to earn credit through correspondence work, on or off campus. The instructor evaluates the lessons and responds with observations and helpful suggestions. More than three hundred courses are available, representing over fifty departments (noncredit and high school courses are also available). You may register for courses anytime during the year and take up to a year to finish each course.* For further information and a free catalog of courses, contact the Independent Study Office, Harmon Continuing Education Building, or telephone 378-2868. Office hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday.

Associate and Bachelor of Independent Studies Degrees

BYU offers a special associate or bachelor's degree designed for adults. These are "liberal arts" degrees, with no focus on a major or minor.

Obtain information and degree application materials from Degrees by Independent Study, 21 HRCB, Provo, Utah 84602 (telephone 378-4351).

*Current tuition is \$32.00 per semester hour.

Tuition and Fees

TUITION AND FEES

The nation's largest church-related university, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. Approximately 70 percent of the cost of operating the university is paid from the tithes of Church members. Because of this, students who are Church members or their families already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational costs.

All students who register will be expected to pay tuition and fees at the time of registration.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

The tuition and fees paid as a part-time student do not entitle one to health service, student activity privileges, or physical education suit and facility privileges.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full time and must register as a full-time student. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Advanced-standing students are those students who are or will be in the following categories by the beginning of the semester or term for which they are registering:

- A. All graduate students (except Law School students or Graduate School of Management students), including non-degree-seeking graduates.
- B. All students who have received their first bachelor's degree.
- C. All undergraduate students who have completed 152 semester hours or more.

The undergraduate tuition rate applies only to those undergraduate students who have completed less than 152 credit hours prior to the beginning of the semester or term for which they are registering.

Full-time classification for both undergraduate and graduate students is registration for over 8 credit hours per semester and 4 credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to the Treasurer's Office.

Assessment Adjustment

After initial registration, a part-time student who increases the number of credit hours must pay for these additional hours **on the day they are added**. If this is not done, a late fee will be assessed.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Registration Office. **The activity card must be surrendered at the time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last day for adding classes. Refunds for courses dropped after that date will be subject to the discontinuance refund schedule listed below.

Late Registration Fee

Late registration fees will be assessed all full-time and part-time students for failure to complete registration on scheduled dates.

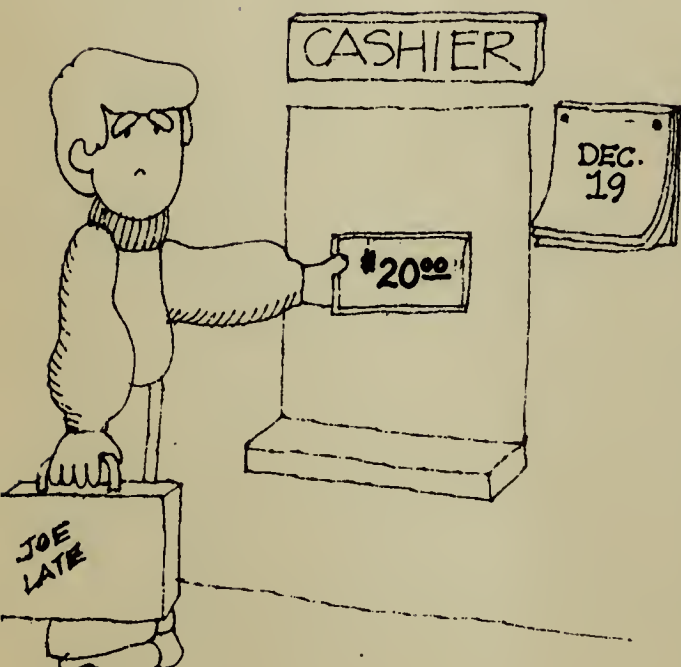

After December 18 (Winter Semester).....\$20.00

Any student whose tuition check is dishonored by the bank will be charged the registration late fee in effect at the time the check is redeemed.

Tuition Refunds

If you **discontinue** school, a refund will be made minus a charge of \$10.00 (\$5.00 for a part-time student). This **discontinuance** fee is assessed, even if you register but do not attend school. In addition, there is a per day charge of 3 percent of the total tuition paid or payable for the semester. You will be charged for the first day of the semester in which classes were held, following the day you registered, to the day on which you report your **discontinuance to the Office of Student Special Services**.

Any refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date on which you report your **discontinuance** and have your activity card voided by the Office of Student Special Services.

Refunds will not be granted to students who are requested to discontinue from the university for violation of standards.

Late fees are not refundable.

REGISTRATION INSTRUCTIONS FOR NEW FRESHMEN

Questions a Freshman Must Be Able to Answer

What is a credit hour?

A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12 to 16 credit hours [five or six classes] per semester. This will vary depending on the difficulty of the classes, outside involvement, and motivation to study. There is space on the class request form to indicate the maximum credit hours you desire.

What is general education?

The General Education Program at BYU assures that the student has achieved competence in certain skills or knowledge before graduating. Proof of competency is achieved through successfully passing required courses. Some students challenge courses and pass the requirement by taking examinations when they arrive on campus (without having taken prior BYU course work).

What is a major?

A major is a concentrated group of classes in a particular field you take to achieve your educational goals. You may have selected a major on the admission application. If you are presently undecided, you may enter the nonmajor program. A complete listing of majors is found on page 21.

How do I request classes?

A class request form is provided in the envelope attached to the cover of this book. All new freshmen should list at least ten classes per semester (six per term) on the class request form. This will enable the computer to find five or six available classes that will add up to the credit hours desired.

Which classes should I select?

The best way to identify required classes is at your college advisement center. All the advisement centers are listed and described on page 3. If you cannot write, call, or visit your advisement center, you should create a list of possible classes by completing Groups A through D that follow:

GROUP A Select *all* the courses suggested for your major, starting on page 23. Students who have not yet selected a major should list classes suggested for nonmajor programs, page 23.

GROUP B Select one or two courses from the list that follows in Group B, University Required Courses.

GROUP C Select at least three courses from the list that follows in Group C, General Education Required Courses.

GROUP D Select at least three courses from the list that follows in Group D, General Education Elective Courses.

WHAT NEXT ?

FILL OUT THE CLASS REQUEST FORM!

Prioritize your desired classes. Most students list the classes for their major first. Having selected your classes, turn to page 5 for complete instructions on how to complete the registration process.

Suggested Classes for First-Semester Freshmen

CAUTION:

The courses listed below are suggested for first-semester freshmen to help them meet university requirements. It is not a complete listing of classes or requirements. For a complete listing, see your college advisement center or the BYU General Catalog.

GROUP A

A.Suggested Courses to Fulfill Major Requirements

New freshmen should **list all classes suggested for their majors**. An alphabetical listing of all majors available at the university follows. Freshmen who have not selected a major should consider the classes listed for nonmajors under Nonmajor Programs, page 23. If no courses are listed for your major, list additional courses found in Group C.

GROUP B

B.University Required Courses

New freshmen should **take Religion 121** their first semester (returned missionaries should take Religion 421). **Physical Education 177 is also a good course** for freshmen but can be taken another semester if desired.

Subject	Course No.	Credit Hours	Description	Page
Religion	121	2	Origin, contents, and teachings of the Book of Mormon	105
Physical Education	177	.5	Fitness for living	96

GROUP C

C.General Education Required Courses

Most first-semester freshmen should **select at least three** of the courses **listed below**.

Some students, however, select an option available to them in the General Education Program that allows them to challenge the course by taking an examination. Students desiring this option should contact their advisement center.

Subject	Category***	Course No.	Credit Hours	Description	Page
Mathematics*	I	100D*	2	Review of basic math	86
Health	I	129	1	Personal health	77

Physical Science**	II	100	3	Fundamentals of physical science	100
Biological and Agricultural Education**	II	100	3	Principles of biology	53
Social Science	II	100	3	American heritage	110

***Math 100D**—Take if you have had one year of high school algebra and your ACT score is below 21 and above 12 or if you feel you need a basic math review. If your ACT score was 21 or above, this course and the GE requirement are waived.

**Students majoring in nursing or engineering and technology are not required to take BioAg. 100 and PhySci. 100. Students majoring in elementary education should take Zool. 151 in place of BioAg. 100.

***Category I courses help prepare for successful completion of Category II courses but are not required prior to taking Category II courses.

GRADUATION REQUIREMENTS

Applicable to Current GE Program Only

Physical Education Requirement

A minimum of 1 semester hour, selected from any of the physical education 100-series courses or physical education courses numbered 200R, 201R, and 230 through 240, or Animal Science 130, will satisfy the physical education requirement. One-half credit hour should be taken each semester in the freshman and sophomore years. Students expecting to complete this requirement with credit for military service or through other university-approved programs should check with the Graduation Evaluation Office, B-238 ASB.

Students who have completed a minimum of one year's active duty in the military service may receive 1 semester hour of physical education credit and ½ semester hour of physical fitness credit. If you qualify for this credit, bring your DD-214 form to the Admissions Office, A-183 ASB. Exceptions: You are exempted from 1 hour of physical education credit for successful completion of two years of on-campus ROTC Leadership Laboratory courses.

Physical Fitness Requirement

All students are required to take Physical Education 177 (Fitness for Living) except transfer students who may have enough transfer credit to cover this requirement.

Religion Requirement

Classes

One religion class is required for each full-time enrollment of 8½ semester hours or more for Fall and Winter Semesters by an undergraduate student at BYU until the student graduates or until a total of 14 semester hours in religion has been earned toward a baccalaureate degree or 8 hours toward an associate degree. Students who register for part-time, block, or term credit* will be responsible to take one religion class for each 16 hours of BYU credit.

Any religion class in the 100 through 400 series may be taken to meet the religion requirement. In computing the 14-semester-hour total requirement, no more than 4 hours of religion credit at BYU or elsewhere will be counted from any one quarter, semester, or term. The required religion courses will be 2 hours per semester or 16 hours of part-time credit. Seniors may elect to take the 1-hour seminars offered rather than the regular 2-hour courses.

*Including Independent Study and other Continuing Education registration.

Book of Mormon

All undergraduates must complete 4 semester hours in the study of the Book of Mormon. This requirement may be completed by taking Religious Instruction 121 (or 421) and 122 (or 422). Returned missionaries and upper-division transfer students are encouraged to take 421 and 422.

Transfer Credit from LDS Colleges and Institutes

Transfer religion credit to meet BYU's religion requirement is limited to the following:

1. You are required to complete one religion class per semester at BYU until you graduate or complete the 14-semester-hour requirement.
2. Transfer credit will not count until you complete enough religion hours at BYU so the transfer credit plus the BYU religion credit total the minimum 14 hours for a bachelor's degree or 8 hours for an associate degree.
3. No more than 4 hours from any one quarter or semester will count.

4. Institute credit will be accepted only if the institute director certifies the course was taken for institute credit and conforms with college standards.

Students Required to Study Off Campus

Students required to study off campus to fulfill degree requirements are required to register for religion during that semester through Independent Study, a BYU Continuing Education center, or an LDS institute.

Bible Credit from Non-LDS Colleges and Universities

Bible credit from accredited non-LDS universities and colleges will **not** satisfy the religion requirement. The transfer credit will, however, apply as elective credit toward the total hours required for graduation.

Credit Completed at Centers for Continuing Education

A student must complete one religion class for every 16 hours of academic credit completed at BYU centers for Continuing Education.

Requirements for Second Baccalaureate Degree Candidates

Students who register at BYU for a second baccalaureate degree, after having received a first at another university, are required to take one religion class per semester. The Book of Mormon requirement must also be satisfied.

General Education Requirements

Students who entered BYU as new freshmen Winter Semester 1976 or new transfer students Winter Semester 1977 or thereafter must meet the university's general education requirements under the current General Education Program (see page 31). Students enrolled earlier than these dates must meet the requirements of the Former General Education Program (see page 37).

Second Bachelor's Degree Requirements

Thirty additional semester hours of credit must be completed at Brigham Young University after the awarding of the first bachelor's degree regardless of where the degree was earned. Ten of the additional hours must be completed within the new major. Satisfying the following requirements will qualify you for a second bachelor's degree: (1) Brigham Young University general education requirement, (2) major requirements, (3) minor requirements (if required by department), (4) residence requirement, (5) religion requirement, and (6) all other graduation requirements set forth in the catalog for bachelor's degree candidates.

Deadlines for Transfer, Independent Study, and Incomplete Credit

All incomplete grades required for graduation must be removed from your record, and all transfer and Independent Study credit must be on file in the Records Office at least four weeks prior to commencement.

Transfer Credit Evaluation

Transfer students' records are evaluated on a course-by-course basis. Each transfer course that is equivalent to a BYU general education preparatory course will be recognized as though that course has been passed. A written evaluation of the transfer credit is mailed to you by the Transfer Credit Evaluation Office soon after you are accepted for admission to BYU. The evaluation states which classes will be accepted and which general education evaluations will be satisfied. Your college advisement center evaluates the courses for the major requirements.

Students will be evaluated on a course-by-course basis. Those students who use military credit or College Board or

other nationally or school-administered examinations to fulfill requirements for their associate degree will be evaluated on a course-by-course basis also.

Application for Graduation

All students desiring to graduate must officially apply for graduation. **Students applying for the bachelor's degree should do so during their junior year. Students applying for the associate degree should do so at the beginning of their sophomore year.** Application forms are available at your college advisement center. The final deadline for the completed application form and the graduation fee (\$15.00 for a bachelor's degree or \$6.00 for an associate degree) must be submitted to the Cashier's Office, D-155 ASB, no later than January 15, 1982, for April graduation and May 14, 1982, for August graduation. Students who apply after the deadline dates will automatically be considered for the next graduation. The Graduation Evaluation Office, B-238 ASB, will notify you in writing of the general education and university requirements remaining to be completed for a degree from Brigham Young University. The application fee is a one-time fee. If you do not graduate on the date indicated on the application, the evaluation will be held for future graduation.

Major Requirements

You must complete at least 20 semester hours in your major department, 10 of which must be earned on the BYU campus. You must also satisfy all additional departmental requirements.

Upper-Division Requirements

A minimum of 40 semester hours of upper-division credit (classes numbered from 300 to 599) is required for a bachelor's degree.

Residence Requirements

At least 30 semester hours of credit taken in residence at BYU are required for a bachelor's degree. A maximum of 10 semester hours earned at BYU centers for Continuing Education or LDS institutes may be applied toward this 30-hour requirement. You must register and be on campus during two semesters—not necessarily consecutive—to satisfy the residence requirement. The residence requirement may be waived for certain programs completed through the Division of Continuing Education if joint approval is given by the dean of the sponsoring college and the dean of the Division of Continuing Education.

For an associate degree you must take at least 20 of the total 64 credits in residence; however, 15 semester hours of work completed on the BYU campus and 5 semester hours taken at BYU centers for Continuing Education or at LDS institutes will satisfy the residence requirement for the two-year program. (The residence requirement may be waived for certain programs completed through the Division of Continuing Education if you receive joint approval from the dean of the sponsoring college and the dean of the Division of Continuing Education.)

Grade Point Average Requirement

To be cleared for graduation, all degree-seeking students must achieve at least a 2.0 (C) cumulative grade point average. Transfer students must have a 2.0 (C) grade point average for both their residence credit at BYU and their cumulative college credits.

Independent Study

A maximum of 36 semester hours of Independent Study credit may be applied toward fulfillment of the 128-semester-hour requirement for a baccalaureate degree. A maximum of 18 semester hours of correspondence may be applied toward the associate degree.

D Grade Credit

Not more than 18 semester hours of D grade credit may be applied toward completion of the bachelor-degree requirements or more than 10 semester hours of D grade credit for the associate-degree requirements. Excess D credit will be deducted from the total hours completed.

Attendance at Commencement

All candidates for graduation are encouraged to attend the commencement and convocation exercises. Diplomas will be mailed to you after grades from the final semester are submitted and all graduation requirements are certified as being completed.

Adherence to University Standards

Your graduation may be delayed or denied if you are found to be in violation of the Brigham Young University Code of Honor.

Scholastic Recognition at Graduation

As of September 1, 1978, there are three designations in recognition of high scholarship: graduation "summa cum laude," graduation "magna cum laude," and graduation "cum laude." These awards are made on the basis of excellence shown in college-level credits earned at BYU and other accredited institutions (a minimum of 45 semester hours of college credit must be earned at BYU and a total GPA of 3.5) prior to the commencement date.

Summa Cum Laude is awarded to the top 1.0 percent of the baccalaureate candidates in each college who have earned a minimum of 45 semester hours of credit at BYU and a total GPA of at least 3.5.

Magna Cum Laude is awarded to the top 1.1 to 5.0 percent of the baccalaureate candidates in each college who have earned a minimum of 45 semester hours of credit at BYU and a total GPA of at least 3.5.

Cum Laude is awarded to the top 5.1 to 10.0 percent of the baccalaureate candidates in each college who have earned a minimum of 45 semester hours of credit at BYU and a total GPA of at least 3.5.

Scholastic Recognition Each Semester

The dean of each academic college at the close of each semester will post a list of names of students who are ranked in the top 5 percent of their colleges for the given semester, who have earned a minimum of 15 credit hours, and who have earned a minimum grade point average of 3.5 or higher in all classes.

THE GE PROGRAM AT BYU

Who Takes General Education

All students who attend BYU are required to fill general education requirements. Those who entered BYU as new freshmen Winter Semester 1976 or thereafter or as new transfer students Winter Semester 1977 or thereafter meet the university's general education requirements under what is termed the General Education Program. Students enrolled earlier than those dates must meet the requirements of the Former General Education Program.

Changes in GE Procedures

Since fall 1981, GE requirements may be filled by taking courses or exemption exams or through standard challenge for credit procedures. The requirement is no longer filled exclusively by passing designated evaluations. Exemption exams are available for each of the eight required courses (Reading, Writing, Math, Health, American Heritage, Physical Science, Biological and Agricultural Sciences, and Advanced Writing).

Requirements

In some cases there are several courses that deal with the same GE topic. Only *one* of these courses may be taken for GE credit. For example, Introduction to Literature: either English 250 or English 251 may be taken for GE credit, but not both. Students may take only one GE course per department or interdisciplinary area.

Alternative Procedures for Completing GE Requirements

1. Pass an approved GE course by taking the course for credit.
 2. Receive credit for an approved GE course by passing an examination.
 3. Pass an exemption test to fulfill the GE requirement without receiving course credit. This option is available for the eight required courses:
 - a. Reading
 - b. Writing
 - c. Math
 - d. Health
 - e. American Heritage
 - f. Physical Science
 - g. Biological and Agricultural Sciences
 - h. Advanced WritingThese tests may be taken in the Testing Center on the scheduled dates listed later in this section. See the GE Guide for a description of these tests and their pass levels.
- Note: If you pass an exemption test, your score may also be high enough to receive credit for the course. See the GE Guide or the department chairman to find out if your score also qualifies for course credit.
- Note: If you are enrolled in a course and pass the exemption test, you must officially drop the course or accept the grade your instructor assigns based on your performance.

Fees for Exams and Credit

1. Fees for taking exemption tests
 - a. Category I—Reading, Writing, Math, Health
A \$5.00 fee must be paid in the Testing Center at the time of the test.

Note: First semester students may take these exemption tests one time during their **first** semester with **no charge**.
 - b. Category II and III—Physical Science, Biological and Agricultural Sciences, American Heritage, Advanced Writing
A \$10.00 fee must be paid in the Testing Center at the time of the test.
2. Fees for credit by examination
 - a. Required GE courses having exemption tests:
If your exemption test score also qualifies for course credit, you must pay \$5.00 per credit hour (in addition to the exemption test fee) to the Cashier's Office **after** filling out the appropriate credit by examination form. This form must be approved by the chairman of the department-offering the course. Credit must be claimed during the semester in which the examination is completed.
 - b. Elective GE courses:
Arrangements for the special examination are made through the chairman of the department offering the course. A \$10.00 fee is charged prior to taking each special examination. If you successfully pass the examination, you are charged \$5.00 per credit hour, which is paid to the Cashier's Office.
3. Fees for dropping a course
A \$3.00 fee will be assessed for each class dropped after the fifth day of class each semester or after the third day of class each term.

Monitoring Process

This flexible system allows you a choice of courses and places upon you the responsibility of monitoring your own progress.

1. The essential tool for knowing where you stand is the Advisement by Computer (ABC) Form. The ABC Form lists the classes taken, grades received, and a listing of GE requirements completed. Most important, it clearly outlines the general education, university, and major requirements; in addition, it specifies those areas in which you are deficient. An updated ABC Form is available every semester.
2. Advisement centers also have computer terminals on which your records can be called up at any time to give you an up-to-the-minute report on your university standing.

Transfer Credit for General Education

Transfer students will have their records evaluated on a course-by-course basis for GE purposes. Each transfer course judged equivalent to a BYU general education preparatory course will be recognized as though that course has been passed. A written summary of the transfer credit is mailed to you by the Transfer Credit Evaluation Office soon after you are accepted for admission to BYU. This written summary states which classes have been accepted and which general education evaluations have been satisfied. (Your college advisement center evaluates the courses for the major requirements.)

This requirement may also be filled by the successful completion of a 301 foreign language class, or any more advanced language, literature, or culture class taught in a particular foreign language. Language courses taught in English are not acceptable.

Religion Requirements

Religion. One religion class is required for each full-time enrollment of 8½ semester hours or more by an undergraduate student at BYU until a total of 14 semester hours in religion has been earned toward a baccalaureate degree or 8 hours toward an associate degree. Part-time students must complete one religion class for every 16 hours of BYU credit completed.

Any religion class in the 100 through 400 series may be taken to meet the religion requirement. In computing the 14-semester-hour total requirement, no more than 4 hours of religion credit at BYU or elsewhere will be counted from any one quarter or semester. The required religion courses will be 2 hours per semester for freshmen, sophomores, and juniors. The required courses for seniors will be only 1 hour per semester.

Book of Mormon. All undergraduates must complete 4 semester hours in the study of the Book of Mormon. This requirement may be completed by taking Religious Instruction 121 (or 421) and 122 (or 422). Returned missionaries and upper-division transfer students are encouraged to take 421 and 422.

Transfer Credit from LDS Colleges and Institutes.

Transfer religion credit to meet BYU's religion requirement is limited to the following:

- 1. You are required to complete one religion class per semester at BYU until you graduate or complete the 14-semester-hour requirement.
- 2. Transfer credit will not count until you complete enough religion hours at BYU so the transfer credit plus the BYU religion credit total the minimum 14 hours for a bachelor's degree or 8 hours for an associate degree.
- 3. No more than 4 hours from any one quarter or semester will count.
- 4. Institute credit will be accepted only if the institute director certifies the course was taken for institute credit and conforms with college standards.

Students Required to Study Off Campus. Students required to study off campus to fulfill degree requirements are required to register for religion during that semester through Independent Study, a BYU Continuing Education center, or an LDS institute.

Bible Credit from Non-LDS Colleges and Universities. Bible credit from accredited non-LDS universities and colleges will **not** satisfy the religion requirement. The transfer credit will, however, apply as elective credit toward the total hours required for graduation.

Credit Completed at Centers for Continuing Education. You must complete one religion class for every 16 hours of academic credit completed at BYU centers for Continuing Education.

Requirements for Second Baccalaureate Degree Candidates. Students who register at BYU for a second baccalaureate degree, after having received a first at another university, are required to take one religion class per semester. The Book of Mormon requirement must also be satisfied.

Major Requirements

In addition to the university requirements and the general education requirements, each major has certain requirements, different for each major. The college advisement centers provide information on the requirements for the various majors.

The university majors are listed according to the college and department in which they are offered.

Associate Degrees

Upon completion of an approved two-year curriculum, the Associate of Science degree or the Associate of Arts degree will be awarded at the regular university graduation exercises. A minimum of 64 semester hours of credit (73 hours for nursing students) is required. A candidate for an associate degree must satisfy the following general education requirements.

Former General Education Program

Area	Associate of Science	Associate of Arts
English composition.....	6	6
American history.....	3	3
Health.....	2	2
Physical education.....	1	1
Humanities.....	2	3
Biological science.....	2	3
Physical science.....	2	3
Social science.....	2	3

Two hours of religion credit are required per semester in residence, including Spring Term and Summer Term. Religious Instruction 121 and 122 are required of all students.

Exceptions

- 1. Two-year engineering-technician students are not required to complete the biological science and social science general education groups.
- 2. Nursing students are not required to complete the humanities general education group or Health 130.

Of the total of 64 credits, at least 20 must be taken in residence; however, 15 semester hours of work completed on the BYU campus and 5 semester hours taken at BYU centers for Continuing Education or at LDS institutes will satisfy the residence requirement for the two-year programs. (The residence requirement may be waived for certain programs completed through the Division of Continuing Education if joint approval is given by the dean of the sponsoring college and the dean of the Division of Continuing Education.) A maximum of 10 D credits will be accepted, but both cumulative and BYU grade point averages of 2.0 or above are required.

Current General Education Program

See page 31.

UNIVERSITY POLICIES

Student Classification

At the beginning of each semester, students are classified for that semester as follows:

0-31.9	Freshman
32-63.9	Sophomore
64-95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness which is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

You can repeat classes at BYU. This can be done in four ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from the BYU department chairman.
3. Repeat at other institutions classes taken at the same institution—and then have the credit transferred to BYU.
4. Repeat at BYU through Independent Study or a Continuing Education center.

When you repeat a class, except for classes classified as R classes, the grade used to figure your grade point average is the grade earned the last time the repeated class was taken. You must notify the Records Office, B-150 ASB, that the class has been repeated during the next semester afterward.

Changing College or Major

A student who desires to transfer from one major to another, or from one college to another, must clear this change through the college advisement centers. Official change of major cards may be obtained from the college advisement center of the college **in which you are presently enrolled**. After being properly signed, the card must be submitted to the college advisement center of your new college. Graduate students should review the policy regarding them on page 41.

Incomplete Grades

The letter I (incomplete) is used to indicate that work is not yet completed. It is given only when special prior arrangements for the completion of the specific work involved have been made between the teacher and the student. The I never is given when you have failed or are failing. An I is regarded as a neutral grade for a period of one year, following which it will be changed to an E and calculated as such in the grade point average. An authorization for change of incomplete form, with a \$3.00 fee, must be properly completed and submitted to the Records Office, B-150 ASB, within one year from the date the incomplete is given. **DO NOT REGISTER FOR A CLASS FOR WHICH YOU HAVE AN INCOMPLETE.**

Academic Standards

Academic Standing is determined by the cumulative grade point average of graded credits earned at BYU.

Academic Warning will be given if the grade point average for the most recent enrollment is below 2.0, even though the BYU cumulative GPA is at or above 2.0.

Academic Probation will be given when the BYU cumulative grade point average falls below 2.0, with the exception of freshman-level nontransfer students completing their first semester or term at BYU, who will initially be given academic warning.

Academic Suspension may result from failure to bring the BYU cumulative grade point average up to 2.0 or above at the end of the semester or term of academic probation.

Lack of Progress Standing is determined by the percentage of nonprogress grades (W, I, T, NS), failing grades (E, UW, WE), and repeat classes occurring in the last 30 credit hours. When this percentage reaches 25 percent or more, the student is placed in the Lack of Progress Program.

Lack of Progress Warning is given to students who fail to reduce the percentage of nonprogress grades below the 25 percent level during their next enrollment following placement in the Lack of Progress program.

Lack of Progress Probation is given to students who fail to reduce the percentage of nonprogress grades below the 25 percent level during their next enrollment following placement in Lack of Progress Warning status.

Lack of Progress Suspension may result when students fail to reduce the percentage of nonprogress grades below the 25 percent level during the next enrollment following placement in Lack of Progress Probation status.

Once placed on Academic or Lack of Progress Warning/Probation, students are strongly encouraged to contact the Academic Standards Office for advisement and help.

Readmission. Once suspended, students must establish readmission eligibility by contacting the Admissions Office, A-183 ASB. Generally, specific preparatory work must be completed before an application will be considered.

Withdrawal (Discontinuance) from BYU

A daytime student is not officially withdrawn (discontinued) from the university unless the student has completed the discontinuance process in the Office of Student Special Services, 390 SWKT.

If you find it necessary to totally discontinue all classes, you must do the following:

1. Complete discontinuance forms from the Student Special Services Office, 390 SWKT, Ext. 2767.
2. Obtain instructor and clearance signatures as necessary. NOTE: Beginning with the sixth week of the semester or third week of the term, the discontinuing student becomes responsible for grades earned in classes. Signatures must be obtained from individual instructors, who indicate your pass or fail status.
3. Have a personal interview, if deemed necessary, and be signed out by a member of the Student Special Services staff.
4. Have the student activity card voided. *You retain the voided card and photo ID if future enrollment is anticipated.*
5. Refer to page 12 for discontinuance refund information.

Those students enrolled in *Evening Classes only* will *discontinue through the Office of Evening Classes, 225 HRCB*. Law School students will *initiate their discontinuance through the office of the Law School dean, 348 JRCB*.

Students who leave the university under emergency conditions and who subsequently do not return during the semester or term should contact the Student Special Services Office, 390 SWKT, Ext. 2767, at the earliest possible time to initiate official termination of course enrollment.

Confidentiality of Records Policy

The policy of Brigham Young University concerning confidentiality of student academic records reflects a reasonable balance between the obligation of the institution for the instruction and welfare of the student and its responsibility to society. The university will make every effort to maintain student academic records in confidence by keeping information from individuals who are not authorized to receive it or who might use it for illegitimate purposes.

Though the Family Educational Rights and Privacy Act of 1974, which controls access to the student records of most universities, does not apply to Brigham Young University, the university will make every effort to extend to students and their families the same rights granted by the act. Upon presentation of appropriate identification and under circumstances that preclude alteration or mutilation of records, a student will be able to inspect all records that are not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. A student is entitled to an explanation of any recorded data and may initiate action leading to a hearing, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use student records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which the student has applied for admission or from a lending institution from which the student is seeking assistance will be granted without the student's permission. Similarly, data will be furnished to university accrediting bodies and governmental officials without permission of the student. Grade reports are also sent to the parents of unmarried freshman students under twenty years of age without permission of the student.

No student information other than public information will be given to any third party (except those mentioned above) without written consent of the student, and then only those records accessible to the student. The term *third party* is construed to include parents, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if the parents establish, to the satisfaction of the university, that they are providing one-half or more of the student's support. Court orders and subpoenas for records will be referred to the university's legal counsel and acted upon according to his directions. The student will be notified of information to be submitted in response to subpoenas or court orders prior to actual submission of the material.

Public information will be released to news media and to others upon request. Public information is defined as follows:

1. Name of student
2. Whether student is currently enrolled
3. Class (i.e., freshman, sophomore, etc.)
4. Home and local addresses and phone numbers
5. Field of study
6. Degrees awarded, if any
7. Birth date
8. Names of parents or spouse

Such information will be released only with appropriate

precautions for the safety and privacy of the student. Under proper conditions, the registrar or assistant registrar may give the addresses of parents.

Policy of Nondiscrimination

Admission to Brigham Young University is nondiscriminatory. The university admits persons of any sex, race, creed, religion, or national origin who meet the university's academic requirements and agree to abide by its standards of behavior. Qualified handicapped students are admitted.

Exception to University Policy

A student who wishes an exception to a university policy may petition in writing the request to the Exception to University Policy Committee. Petition forms are available in B-150 ASB.

Graduate School Information

It is your responsibility, as a graduate student, to know and conform to both the general regulations of the Graduate School and the additional requirements of your department. Because these regulations may change from year to year, we suggest you consult the current catalog and your department to be aware of current regulations.

To maintain your status as a graduate student and therefore be allowed registration privileges you must meet minimum registration requirements:

1. If this is your first semester, you must register for a minimum of 2 semester hours to meet the conditions of your acceptance. Failure to do so will result in your deletion from graduate-degree-seeking status. If you would like to delay your first semester, you should contact the Graduate School Office, B-336 ASB, telephone 378-4091.
2. In order to remain a graduate student you must register for a minimum of 6 semester hours per **academic** year. The credit must be nonaudit and you must receive an acceptable grade (no E, D, UW, or W grades allowed). There are different ways of fulfilling this requirement and we encourage you to contact the Graduate School Office for more information.
3. Finally, you must register for a **minimum** of 2 nonaudit semester hours of credit in the semester in which you plan to graduate. If registration is not possible, you should contact the Graduate School Office.

Graduate International Students

If you are an international student, you will also need to conform to the U.S. Immigration Regulations. This means that you must be registered for at least 9 semester hours of credit each Fall and Winter Semester. If you have fewer than 9 semester hours of credit remaining as needed for your program, you will then need to register for a minimum of 2 hours per semester (Fall, Winter, Spring-Summer). If you have any questions concerning this requirement, please contact the Graduate School Office.

Registration for Faculty and Staff

Full-Time Teaching Faculty

1. **Registration for Fall and Winter Semesters.** Full-time teaching faculty may register for courses of study up to 6 hours per semester and will not be required to pay the regular cost of tuition. **

4. **Spouse.** The spouse of a full-time teaching faculty member may register for courses of study with no limit as to the number of hours day or evening and will not be required to pay the regular cost of the tuition.**

Administrative Personnel

The same information applies as for full-time faculty except Item 3. Administrative personnel become eligible for class work benefits the semester or term following their date of hire.

Full-Time Regular Staff

Part-Time Faculty

Part-time faculty members (not graduate assistants) may enroll in classes for the number of credit hours up to the number of hours they teach, not to exceed 5 hours per semester (3 hours per Spring or Summer Term), and will not be required to pay the regular cost of tuition for the first 5 credit hours or less. There is no provision for accrual of credit hours. Benefit is available only during the semester or term in which courses are taught. Part-time faculty members will need to pay for any additional hours they wish to take, but they may not become full-time students.**

Part-Time Staff, "Full-Time Staff" on a Temporary Basis, and Full-Time Special Staff

All such employees are ineligible for tuition benefits and must pay the current cost of tuition and fees for registration in courses.

Employee tuition cards indicating eligibility for Evening Classes may be obtained at the Evening Classes Office, 225 HRCB (see instructions below).

Special Instructions (Please take note.)

Check the current Class Schedule for semester and term deadlines and watch the weekly Y News for instructions. To assure a place in the class of your choice, register early and before deadlines. **All completed registrations must be turned in to 225 HRCB. All matters concerning evening registration are handled in this office.**

Changes in Registration

To minimize changes in registration, employees should exercise great care in planning their schedules. When a change in registration becomes necessary, employees must obtain a Change in Registration card from 225 HRCB. The approval and signature of the instructors involved in the change are required.

Changes in registration may be made without charge during the first five class days of the Fall and Winter Semesters. Classes may be added during the first ten class days of Fall and Winter Semesters. Classes may be dropped during the first month of Fall and Winter Semesters. A fee of \$3.00 per class will be charged for each class dropped after the fifth day of class work.

During Spring Term or Summer Term, classes may be added during the first week only. Classes may be dropped during the first three weeks of classes. A fee of \$3.00 per class will be charged for each class dropped after the fifth day of class work.

Day Classes for Credit

Employees or spouses **who are eligible** to take classes for credit at Brigham Young University must be formally admitted. To complete the admissions process, the employee or spouse should obtain an Application for Admission from either the Admissions Office, A-153 ASB, or from any of the college advisement centers. Parts A and B of the admissions application need to be completed. The high school transcripts (for individuals who have never taken college-level work) or college transcripts (for individuals who have previous college work), should also be returned to the Admissions Office. A one-time \$15.00 application fee will also need to be paid at that time. Upon acceptance to the university, all advance registration materials will be sent to the employee or spouse for class registration. Employees and their spouses will need to bring their Confirmation of Registration to the Benefits Office, where final processing will be accomplished. Employees are reminded that a Request for Daytime Class Attendance form must be completed and finalized before finalization of registration takes place. For subsequent semesters, materials may be obtained at the college advisement centers. Apply for graduate credit through the Graduate School Office, B-336 ASB.

Times When Readmissions Application Is Required

Having once been accepted, if the employee or spouse misses one full semester he or she must go through the process of submitting new Parts A and B to the Admissions Office. No transcripts are required the second time unless additional college work has been completed elsewhere since the last enrollment at the BYU.

Auditing Classes

All faculty, administrative and staff employees, or spouses who desire to audit classes at BYU should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited in this manner will not

appear on official records. Staff employees are not eligible to audit daytime classes. If they wish to audit Evening Classes, they should do so through the Department of Evening Classes. Any exceptions should be cleared through the Benefits Office.

University Discontinuance

A BYU employee who discontinues his or her entire registration at the university is required to clear this termination through the office of Student Special Services, 390 SWKT. If **all** classes are evening classes, clear through Evening Classes, 255 HRCB.

GENERAL INFORMATION

Security Police and Traffic

The Security/Police Office is a protective agency established for the benefit of students, faculty, and staff. It maintains effective liaison with the local police department and is entrusted with the proper enforcement of campus rules and regulations. All matters concerning security or requiring police action should be referred to this office, B-66 ASB, by calling 378-2222.

The Security/Police offers many other services to students and staff members, including taking fingerprints necessary for teaching certificates, government jobs, and ROTC. This service is provided Monday through Friday between the hours of 10:00 a.m. and 12:00 noon.

Another major responsibility of this office is the control of campus traffic and parking. Every BYU student who parks any motor vehicle on the BYU campus during restricted hours must register that vehicle with the Security/Police Traffic Office within forty-eight hours of the first day of class, excluding weekends and holidays.

Automobile Registration

To obtain a parking permit, the following must be presented at the Traffic Office located east of the Carillon Tower at 700 East 1430 North between the hours of 7:00 a.m. and 5:00 p.m. Monday through Friday:

- 1. State vehicle registration certificate
- 2. The appropriate fee
- 3. University identification card

Arkansas	Kansas	Oklahoma
California	Louisiana	Oregon
Colorado	Maine	Tennessee
Delaware	Mississippi	Utah
Florida	Montana	Virginia
Hawaii	Nebraska	Washington

Idaho	Nevada	West Virginia
Illinois	New Jersey	

Out-of-State Plates

Students driving vehicles with out-of-state plates must obtain a nonresident permit (cost fifty cents) as required by the Motor Vehicles Division of the Utah State Tax Commission.

The permit can be obtained from the Traffic Office at the same time you buy your parking permit and when the vehicle displays a current expiring-type safety inspection sticker issued by either the home state or Utah.

IMPORTANT: If a student is married and his or her spouse is a nonstudent employed full-time, then the vehicle must be licensed in the state of Utah and cleared for tax payment. This is done at the Motor Vehicles Division, 129 South University Avenue, Provo.

Faculty and staff employees with out-of-state plates employed full-time at the university do not qualify for the nonresident permit. They must license their vehicles in the state of Utah and clear them for tax payment at the address listed above (State of Utah Motor Vehicles Registration Regulation A 12-05-1).

Display of a university parking permit on a vehicle with out-of-state plates and no nonresident permit can result in citations or vehicle impoundment by any Utah Law Enforcement agency.

Bicycle Registration

All bicycles that are operated, parked, or stored on campus by any student, faculty/staff member of the university, or visitor must display a current Provo, Orem, or Springville or other Utah County city bicycle license. All bicycles must be licensed within forty-eight hours of the first day of class. The fee for a Provo bicycle license is \$3.00. Application for a bicycle license can be made either at the Traffic Office or the Provo City Center, 359 West Center.

Other Regulations

Conference Center for Continuing Education

The university has recently announced the construction of a conference center to be located east of the Marriott Center. The proposed completion date is December 1981. The center will be the primary host facility for conference guests on campus. It will be especially equipped to provide a favorable learning environment for guests participating in conferences, workshops, institutes, seminars, training seminars, and other educational programs. The programs may be sponsored by a university unit or cosponsored with an off-campus professional, government, corporate, civic, recreational, religious, or community organization.

Scheduling for the center is presently underway, and interested groups are invited to contact Dr. Phillip D. Harris, Center Director, 172 Fletcher Building, Provo, Utah 84602, telephone (801) 378-7700.

BYU Honor Code

The Church of Jesus Christ of Latter-day Saints sponsors Brigham Young University to provide a university education in an atmosphere consistent with the ideals and principles of the Church. Interpretive Guidelines

Our dress and grooming standards have been designed to create visual differences in clothing worn by men and women. These important differences have their origin in God's eternal plan for men and women.

Swimsuits and gym clothes are acceptable wear in living and athletic areas only.

Men's and women's clothing, including swimming suits, must be modest in fabric, fit, and style.

Attire for all school activities, including athletic events, should be consistent with these standards and guidelines unless otherwise designated by appropriate authority.

Dresses or skirts (or slits in dresses or skirts) above the knee, as well as the no-bra look, are immodest and

therefore inappropriate.

Shirts with sleeves must be worn in classes and public campus areas.

Grubby attire includes tank tops, sweat suits, jogging attire, overalls, clothes with holes, or those that are noticeably frayed, faded, cut off, or patched.

Men must wear socks with shoes.

Thongs or slippers are allowed in living areas only.

Personal Development Program

Although the major emphasis at Brigham Young University is on intellectual and spiritual development, the University is also concerned with the personal and social development of its students. Two types of courses are offered to assist in this development. The first is taught by faculty from established academic departments and carries academic credit. (These classes are listed below.) The second type consists of experiential courses taught by faculty from the Student Life area and may or may not carry credit. These latter classes involve such topics as interpersonal communication, enhancement of self-esteem, developing self-control, biofeedback training, weight control, eliminating self-defeating behaviors, and life planning. For further information contact the Interpersonal Relations Center, 173 SWKT, 378-4471.

Class Schedule Abbreviations

The courses in the Listing of Classes section are listed under their respective departments, which appear alphabetically. Course information is presented in fourteen columns as follows:

1. DEPT—the department of the university which offers the class. The university is divided into ten colleges and each college is divided into various departments. See page 49 for a listing of the colleges and departments at BYU.
2. CATG NO—the catalog number. Enter this number in the second column of the worksheet. The numbers indicate the following classifications:

Preparatory and remedial courses	1-99
Lower-division courses	100-299

Upper-division courses	300-499
Courses for graduates or advanced undergraduates	500-599
Graduate courses	600 or above

Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

R designates a course that may be repeated for credit. Two R courses with the same number on a transcript are treated as two independent courses.

If an R course is repeated for the purpose of raising the grade received, the grades will be averaged because it is assumed that the subject matter varies from time to time.

3. SEC—section. When more than one class of a particular course is offered, they are distinguished by different section numbers. Enter this number in the third column of the worksheet.
4. INDEX—index number. Each class has a different index number for computer identification purposes. Enter this number in the fourth column of the worksheet.
5. CR HR—credit hours. To graduate, you must have completed 128 credit hours of course work. To graduate in eight semesters, you must average 16 credit hours per semester. **V means variable credit hours. Register for the desired number of hours within the approved range indicated in the schedule** (see advisement center for further information).
6. B L K—block. Each semester is divided into two blocks. Block classes are offered either during the first or second block of the semester.
7. DAYS TAUGHT—class days.
8. ROOM—BLDG—where the class meets (see below for building abbreviations).
9. SPECIAL ENROLLMENT—classes restricted to particular students.
10. ALSO OFRD—classes also offered during the indicated semester or term: F-Fall, W-Winter, S-Spring, SU-Summer.
11. APPROV OR FEE—classes requiring special approval. See the explanatory footnote at the bottom of every other page.
12. TBA—To Be Announced (see department).

Final Examination Schedule for Winter Semester 1982

Instructors are required to give a final examination for each class according to the schedule printed below. Second block class exams will be given according to the regular examination schedule. First block and evening school exams will be given during the last regular class period.

Students are expected to be at the examination. Early final examinations are not to be given students unless written permission has been granted by the Exception to University Policy Committee and by the individual instructor. (Students petitioning an early final examination may pick up a form in the Records Office, B-150 ASB.) If extenuating circumstances arise so that you cannot attend the final examination, the instructor may give an incomplete grade, permitting you to take the examination after the semester. (If you do not contact the instructor about missing the final examination or if an agreement is not made for giving an incomplete, the instructor should submit a final grade computing the weight of the final examination as an E.)

In cases where you have conflicting examinations or more than three examinations in one day, individual arrangements for alternative test times may be made by the instructor. Examinations will be held on April 19, 20, 21, and 22, with dead day on Friday, April 16, 1982; therefore, April 15 will be the last day of instruction.

The specific examination schedule is as follows:

Step A: Academic Advisement: Help with Planning Your Whole Education, or Just a Part of It (New Freshmen Turn to Page 48).

STEP A ACADEMIC ADVISEMENT

What can your advisement center help with?

1. Planning your class schedule
2. General education
3. Registration
4. Academic degree requirements
5. Orientation to BYU, your college, your major
6. Transfer credit evaluation
7. Change of major
8. Current status in your degree program
9. Graduation clearance evaluation
10. University and department requirements
11. Job market opportunities

Where do you go for academic advisement?

If you have chosen a major, or if you have one in mind, go to the advisement center for the college which offers that major (see page 51 for a listing of majors and colleges). If you have no major in mind, visit the Nonmajor Programs Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. You may call, write, or just walk in.

Write, visit, or call (area code 801—then 378- and the appropriate extension) the advisement center of your choice.

STEP B PLAN YOUR SCHEDULE

Step B: Plan Your Spring Schedule of Classes.

We suggest that you use the following form to work out your ideal schedule. Be careful not to select classes that meet at the same time on the same days. Consult the listing of classes beginning on page 13. After listing your ideal schedule, list additional courses or sections that the computer can select if your first choices are not available.

STEP C COMPLETE THE REQUEST FORM

The class request form will be read by a computer scanner. To avoid scanning error, use a No. 2 pencil and make bold, rounded figures when filling out the form.

This sample shows you how to take the information from the Class Schedule and list it on the class request form.

Remember: Prioritize your desired classes. Most students list the classes for their major first, and many list more than one section of each course to assure receiving a complete schedule. The computer will not schedule you in more than one section of the same class (except R courses).

List classes you desire in priority order. The computer will attempt to put you in the classes or sections in the order you list them until you have received the maximum hours listed in part 5.

If the computer cannot place you in the classes listed below, it will attempt to place you in other sections of those classes you did not receive (graduates excluded). The more classes or sections you list, the greater advantage you have to receive the maximum hours you desire.

STEP D SUBMIT THE CLASS REQUEST FORM

Step D: Submit the Class Request Form on Time and AT THE RIGHT PLACE.

If you are on campus, submit your completed class request form to your advisement center or to B-130 ASB.

If you are away from campus, mail your completed class request form to B-130 ASB, BYU, Provo, Utah 84602. The envelope attached to the inside cover is addressed for this purpose.

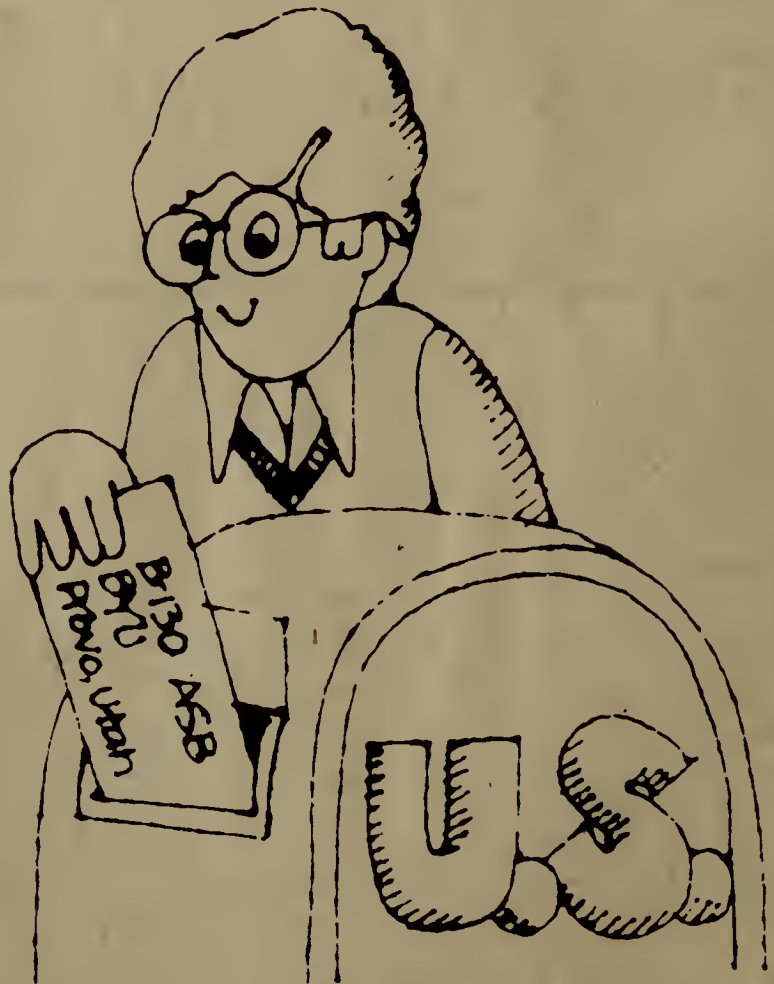

Submit your class request form so that it is received at BYU before the following dates:

March 19 F (5:00 p.m.).

For first priority in the scheduling of classes.

April 7 W (5:00 p.m.)

Last priority deadline. Students failing to meet this deadline must late register beginning May 4, 1982, and pay a \$10.00 late fee (see Late Registration, page 8).

Step E: Receive Confirmation of Classes and Pay Tuition.

STEP E PAY TUITION

The confirmation of classes and tuition assessment will be mailed:

- April 2 F For students who meet the first- and second-priority registration deadlines.
April 9 F For students who meet the last-priority deadline.

These dates should be helpful in selecting the mailing address you indicate on your class request form.

The confirmation form (minus the student copy) and a check or money order to cover the amount of the assessed tuition should be mailed to BYU in the envelope provided. Drop boxes are also provided for students on campus who wish to save postage.

The deadline for tuition and fee payment is Thursday, April 22, 1982, at 5:00 p.m. Students who fail to meet the tuition deadline will lose all classes for which they are scheduled, will be required to pay a late fee of \$10.00, and will need to late register (see Late Registration, page 8).

ADDITIONAL REGISTRATION INFORMATION

Additional Registration Information

Late Registration

Any student—new, continuing, or former—who fails to submit a class request form by April 7, 1982, or fails to pay tuition by April 22, 1982, must late register. Late registration begins Tuesday, May 4, 1982, in the Smith Family Living Center step-down lounge and will continue on a SPACE AVAILABLE BASIS until Tuesday, May 11, 1982. There will be a \$10.00 late registration fee assessed in addition to the regular tuition and fees.

*IMPORTANT NOTICE: The university reserves the right to close late registration at the time the student enrollment reaches the maximum number set by the Board of Trustees. Therefore, late registration forms will be processed on a first-come, first-served basis.

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 hours of credit in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be made by the college advisement center on the Change of Registration (Add/Drop) Card. Auditing of classes, registering for a class without receiving credit, or registering for evening classes constitutes a part of your total registration. Exceptions to these rules should be presented to the assistant dean of Admissions and Records, A-183 ASB.

Adding and Dropping Classes

Changes in registration are made by adding classes you wish to take and dropping classes you do not wish to take. Classes may be added or dropped beginning May 4, 1982. All changes require the approval of the instructor, indicated by the instructor's signature on your change of registration form (add/drop card).

The change of registration procedure is:

1. Obtain a change of registration form from the Registration Office or your college advisement center (see page 3 for listing).
2. Get the consent and signature(s) of the instructor(s).
3. Pay a \$3.00 fee per class to the university cashier (when applicable).
4. Take the change of registration form to the Registration Office, B-130 ASB.

Please note the following deadlines for changes in schedule:

Semester Classes

May 4	T	Classes begin. You may add, drop, or late register for classes.
May 6	Th	Last day to drop classes without a \$3.00 fee per class.
May 11	T	Last day you may add classes, late register, or change classes to audits. Classes dropped after this day will show as W's on the transcript.

May 20	Th	Last day you may drop classes for academic reasons.
June 10	Th	Last day you may officially withdraw from classes for nonacademic reasons.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the last five days of the add period, May 7–11. It is not possible to register for an audit class on the advance class request form. **You are charged the same fees for auditing classes as for credit classes.** Classes taken on an audit basis will not appear on your official record and will not be considered in calculating enrollment verifications.

Admission to Class

Students whose names are on the class roll are officially registered. If your name is not on the roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Another roll, sent out during the third week, includes the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8.0 hours during a semester or under 4.0 hours during a term are considered part-time. Students enrolled in 4.0 or less credit hours for the semester will be considered less than part-time. Audits do not count in students' total enrollment hours.

Evening Classes

Daytime students taking evening classes (sections 90–99) must register for the courses at the same time they complete and submit the registration form for day school.

Those who register for evening classes only should register by mail or telephone (378-2872) prior to April 27 for Spring Term and June 22 for Summer Term. On-campus registration will be in the Evening Classes Office, 120 HCEB, from March 8 through May 11 for Spring Term and May 17 through July 7 for Summer Term. Late registration will begin on May 4 for Spring Term and June 29 for Summer Term.

Faculty and staff members who register for evening classes only must register by April 20 for Spring Term and June 15 for Summer Term. Employee tuition cards are available in the Evening Classes Office.

Registration for Faculty and Staff

(See page 71.)

Independent Study Programs (Formerly Home Study)

Independent Study is the university's "portable" program. It allows you to earn credit through correspondence work, on or off campus. The instructor evaluates the lessons and responds with observations and helpful suggestions. More than three hundred courses are available, representing over

fifty departments (noncredit and high school courses are also available). You may register for courses anytime during the year and take up to a year to finish each course.* For further information and a free catalog of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868. Office hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday.

Associate and Bachelor of Independent Studies Degrees

BYU offers a special associate or bachelor's degree designed for adults. These are "liberal arts" degrees, with no focus on a major or minor.

Obtain information and degree application materials from Degrees by Independent Study, 21 HRCB, Provo, Utah 84602 (telephone 378-4351).

*Current tuition is \$32.00 per semester hour.

Tuition and Fees

The nation's largest church-related university, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. Approximately 70 percent of the cost of operating the university is paid from the tithes of Church members. Because of this, students who are Church members or their families already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational costs.

All students who register will be expected to pay tuition and fees at the time of registration.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

The tuition and fees paid as a part-time student do not entitle one to health service, student activity privileges, or physical education suit and facility privileges.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full time and must register as a full-time student. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Advanced-standing students are those students who are or will be in the following categories by the beginning of the semester or term for which they are registering:

- A. All graduate students (except Law School students or Graduate School of Management students), including non-degree-seeking graduates.
- B. All students who have received their first bachelor's degree.
- C. All undergraduate students who have completed 152 semester hours or more.

The undergraduate tuition rate applies only to those undergraduate students who have completed less than 152 credit hours prior to the beginning of the semester or term for which they are registering.

Full-time classification for both undergraduate and graduate students is registration for over 8 credit hours per semester and 4 credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to the Treasurer's Office.

A fraction of an hour is counted as a full hour in assessing fees. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Assessment Adjustment

After initial registration, a part-time student who increases the number of credit hours must pay for these additional hours **on the day they are added**. If this is not done, a late fee will be assessed.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Registration Office. **The activity card must be surrendered at the time.** A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last day for adding classes. Refunds for courses dropped after that date will be subject to the discontinuance refund schedule.

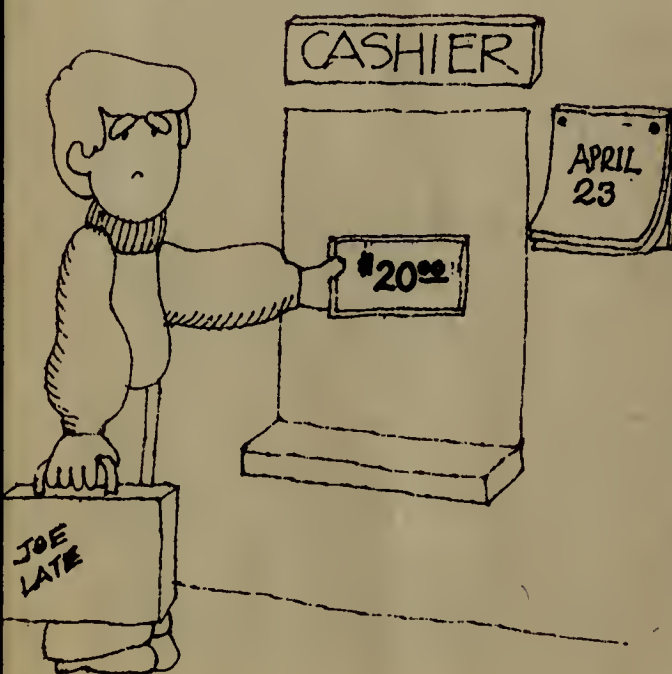

Continuous Class Tuition

The following classes have been approved to be conducted as continuous classes through Spring Term and Summer Term 1982:

Nursing 106, 206, 207, 256, 390R, 500A,
Social Work 460R

Students enrolling for any of the previously listed classes will be assessed tuition on the basis of a full semester and will not be subject to the Term Tuition Schedule. The Spring Term registration will combine the credit hours of continuous classes and Spring Term classes to arrive at the rate of tuition to be paid at that time.

Students taking continuous classes will receive activity cards as full-time students only if they enroll for more than 8 credit hours of continuous and Spring Term classes. A provision will be made for these students to receive an activity card for both terms. Students who pay full-time fees at Spring Term registration will be able to add Summer Term classes with no additional tuition assessment. Students who enroll at Spring Term for 8 credit hours or less will not receive an activity card. If these students subsequently add Summer Term classes, these credit hours will be added to the total of Spring Term and continuous classes to determine the total fees due. The amount previously paid at Spring Term registration will be deducted to determine the

balance due. If the Summer Term credit hours addition brings the total to full-time (over 8 credit hours), an activity card will be issued for Summer Term.

Late Registration Fee

Late registration fees will be assessed all full-time and part-time students for failure to complete registration on scheduled dates.

After April 22 (Spring Term).....\$10.00

After June 18 (Summer Term).....\$10.00

Any student whose tuition check is dishonored by the bank will be charged the registration late fee in effect at the time the check is redeemed.

Refunds

Students who decide to discontinue school should notify the Office of Student Special Services (390 SWKT) immediately. Any delay in notification or in turning in the activity card or fee receipt may reduce the amount of tuition refund.

Refunds will be based on the date of discontinuance as follows:

Date of Discontinuance		Tuition Refund
Spring Term	Summer Term	
May 4–May 7	June 29–July 2	100% less \$10.00
May 8–May 14	July 3–July 9	85%

May 22–May 28	July 17–July 23	50%
May 29–June 4	July 24–July 30	25%
After June 4	After July 30	No refund

Refund checks will be mailed from the Treasurer’s Office to the student approximately two weeks from the date on which students report their discontinuance and surrender their activity card or fee receipt to the Office of Student Special Services (390 SWKT).

REGISTRATION INSTRUCTIONS FOR NEW FRESHMEN

Questions a Freshman Must Be Able to Answer

What is a credit hour?

A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12 to 16 credit hours (five or six classes) per semester. This will vary depending on the difficulty of the classes, outside involvement, and motivation to study. There is space on the class request form to indicate the maximum credit hours you desire.

What is general education?

The General Education Program at BYU assures that the student has achieved competence in certain skills or knowledge before graduating. Proof of competency is achieved through successfully passing required courses. Some students challenge courses and pass the requirement by taking examinations when they arrive on campus (without having taken prior BYU course work).

What is a major?

A major is a concentrated group of classes in a particular field you take to achieve your educational goals. You may have selected a major on the admission application. If you are presently undecided, you may enter the nonmajor program. A complete listing of majors is found on page 51.

How do I request classes?

A class request form is provided in the envelope attached to the cover of this book. All new freshmen should list at least ten classes per semester (six per term) on the class request form. This will enable the computer to find five or six available classes that will add up to the credit hours desired.

Which classes should I select?

The best way to identify required classes is at your college advisement center. All the advisement centers are listed and described on page 3. If you cannot write, call, or visit your advisement center, you should create a list of possible classes by completing Groups A through D that follow:

GROUP A Select *all* the courses suggested for your major, starting on page 53. Students who have not yet selected a major should list classes suggested for nonmajor programs, page 53.

GROUP B Select one or two courses from the list that follows in Group B, University Required Courses.

GROUP C Select at least three courses from the list that follows in Group C, General Education Required Courses.

GROUP D Select at least three courses from the list that follows in Group D, General Education Elective Courses.

WHAT NEXT ?

FILL OUT THE CLASS REQUEST FORM!
Prioritize your desired classes. Most students list the classes for their major first. Having selected your classes, turn to page 5 for complete instructions on how to complete the registration process.

Suggested Classes for First-Semester Freshmen

CAUTION:
The courses listed below are suggested for first-semester freshmen to help them meet university requirements. It is not a complete listing of classes or requirements. For a complete listing, see your college advisement center or the BYU General Catalog.

GROUP A

A.Suggested Courses to Fulfill Major Requirements
New freshmen should **list all classes suggested for their majors**. An alphabetical listing of all majors available at the university follows. Freshmen who have not selected a major should consider the classes listed for nonmajors under Nonmajor Programs, page 53. If no courses are listed for your major, list additional courses found in Group C.

GROUP B

B.University Required Courses
New freshmen should **take Religion 121** their first semester (returned missionaries should take Religion 421). **Physical Education 177 is also a good course** for freshmen but can be taken another semester if desired.

Subject	Course No.	Credit Hours	Description	Page Sp	Su
Religion	121	2	Origin, contents, and teachings of the Book of Mormon	35	31
Physical Education	177	.5	Fitness for living	32	29

GROUP C

GROUP C
C.General Education Required Courses

Most first-semester freshmen should **select at least three** of the courses **listed below**. Some students, however, select an option available to them in the General Education Program that allows them to challenge the course by taking an examination. Students desiring this option should contact their advisement center.

***Math 100D**—Take if you have had one year of high school algebra and your ACT score is below 21 and above 12 or if you feel you need a basic math review. If your ACT score was 21 or above, this course and the GE requirement are waived.

**Students majoring in medical technology, microbiology, nursing, engineering and technology, or zoology are not required to take PhySci. 100.

***Students majoring in botany, medical technology, microbiology, zoology, nursing, or engineering and technology are not required to take BioAg. 100. Students majoring in elementary education should take Zool. 151 in place of BioAg. 100.

****Category I courses help prepare for successful completion of Category II courses but are not required prior to taking Category II courses.

*****Students majoring in elementary education should take Health 361 during their junior or senior year to fill this requirement.

GRADUATION REQUIREMENTS

Applicable to Current GE Program Only

Physical Education Requirement

A minimum of 1 semester hour, selected from any of the physical education 100-series courses or physical education courses numbered 200R, 201R, and 230 through 240, or Animal Science 130, will satisfy the physical education requirement. One-half credit hour should be taken each semester in the freshman and sophomore years. Students expecting to complete this requirement with credit for military service or through other university-approved programs should check with the Graduation Evaluation Office, B-238 ASB.

Students who have completed a minimum of one year's active duty in the military service may receive 1 semester hour of physical education credit and ½ semester hour of physical fitness credit. If you qualify for this credit, bring your DD-214 form to the Admissions Office, A-183 ASB. Exceptions: You are exempted from 1 hour of physical education credit for successful completion of two years of on-campus ROTC Leadership Laboratory courses.

Physical Fitness Requirement

All students are required to take Physical Education 177 (Fitness for Living) except transfer students who may have enough transfer credit to cover this requirement.

Religion Requirement

Classes

One religion class is required for each full-time enrollment of 8½ semester hours or more for Fall and Winter Semesters by an undergraduate student at BYU until the student graduates or until a total of 14 semester hours in religion has been earned toward a baccalaureate degree or 8 hours toward an associate degree. Students who register for part-time, block, or term credit* will be responsible to take one religion class for each 16 hours of BYU credit.

Any religion class in the 100 through 400 series may be taken to meet the religion requirement. In computing the 14-semester-hour total requirement, no more than 4 hours of religion credit at BYU or elsewhere will be counted from any one quarter, semester, or term. The required religion courses will be 2 hours per semester or 16 hours of part-time credit. Seniors may elect to take the 1-hour seminars offered rather than the regular 2-hour courses.

*Including Independent Study and other Continuing Education registration.

Book of Mormon

All undergraduates must complete 4 semester hours in the study of the Book of Mormon. This requirement may be completed by taking Religious Instruction 121 (or 421) and 122 (or 422). Returned missionaries and upper-division transfer students are encouraged to take 421 and 422.

Transfer Credit from LDS Colleges and Institutes

Transfer religion credit to meet BYU's religion requirement is limited to the following:

1. You are required to complete one religion class per semester at BYU until you graduate or complete the 14-semester-hour requirement.
2. Transfer credit will not count until you complete enough religion hours at BYU so the transfer credit plus the BYU religion credit total the minimum 14 hours for a bachelor's degree or 8 hours for an associate degree.
3. No more than 4 hours from any one quarter or semester will count.

4. Institute credit will be accepted only if the institute director certifies the course was taken for institute credit and conforms with college standards.

Students Required to Study Off Campus

Students required to study off campus to fulfill degree requirements are required to register for religion during that semester through Independent Study, a BYU Continuing Education center, or an LDS institute.

Bible Credit from Non-LDS Colleges and Universities

Bible credit from accredited non-LDS universities and colleges will **not** satisfy the religion requirement. The transfer credit will, however, apply as elective credit toward the total hours required for graduation.

Credit Completed at Centers for Continuing Education

A student must complete one religion class for every 16 hours of academic credit completed at BYU centers for Continuing Education.

Requirements for Second Baccalaureate Degree Candidates

Students who register at BYU for a second baccalaureate degree, after having received a first at another university, are required to take one religion class per semester. The Book of Mormon requirement must also be satisfied.

General Education Requirements

Students who entered BYU as new freshmen Winter Semester 1976 or new transfer students Winter Semester 1977 or thereafter must meet the university's general education requirements under the current General Education Program (see page 61). Students enrolled earlier than these dates must meet the requirements of the Former General Education Program (see page 67).

Second Bachelor's Degree Requirements

Thirty additional semester hours of credit must be completed at Brigham Young University after the awarding of the first bachelor's degree regardless of where the degree was earned. Ten of the additional hours must be completed within the new major. Satisfying the following requirements will qualify you for a second bachelor's degree: (1) Brigham Young University general education requirement, (2) major requirements, (3) minor requirements (if required by department), (4) residence requirement, (5) religion requirement, and (6) all other graduation requirements set forth in the catalog for bachelor's degree candidates.

Deadlines for Transfer, Independent Study, and Incomplete Credit

All incomplete grades required for graduation must be removed from your record, and all transfer and Independent Study credit must be on file in the Records Office at least four weeks prior to commencement.

Transfer Credit Evaluation

Transfer students' records are evaluated on a course-by-course basis. Each transfer course that is equivalent to a BYU general education preparatory course will be recognized as though that course has been passed. A written evaluation of the transfer credit is mailed to you by the Transfer Credit Evaluation Office soon after you are accepted for admission to BYU. The evaluation states which classes will be accepted and which general education evaluations will be satisfied. Your college advisement center evaluates the courses for the major requirements.

Application for Graduation

All students desiring to graduate must officially apply for graduation. **Students applying for the bachelor's degree should do so during their junior year. Students applying for the associate degree should do so at the beginning of their sophomore year.** Application forms are available at your college advisement center. The final deadline for the completed application form and the graduation fee (\$15.00 for a bachelor's degree or \$6.00 for an associate degree) must be submitted to the Cashier's Office, D-155 ASB, no later than May 14, 1982, for August graduation and September 24, 1982, for December graduation. Students who apply after the deadline dates will automatically be considered for the next graduation. The Graduation Evaluation Office, B-238 ASB, will notify you in writing of the general education and university requirements remaining to be completed for a degree from Brigham Young University. The application fee is a one-time fee. If you do not graduate on the date indicated on the application, the evaluation will be held for future graduation.

Major Requirements

You must complete at least 20 semester hours in your major department, 10 of which must be earned on the BYU campus. You must also satisfy all additional departmental requirements.

Upper-Division Requirements

A minimum of 40 semester hours of upper-division credit (classes numbered from 300 to 599) is required for a bachelor's degree.

Residence Requirements

At least 30 semester hours of credit taken in residence at BYU are required for a bachelor's degree. A maximum of 10 semester hours earned at BYU centers for Continuing Education or LDS institutes may be applied toward this 30-hour requirement. You must register and be on campus during two semesters—not necessarily consecutive—to satisfy the residence requirement. The residence requirement may be waived for certain programs completed through the Division of Continuing Education if joint approval is given by the dean of the sponsoring college and the dean of the Division of Continuing Education.

For an associate degree you must take at least 20 of the total 64 credits in residence; however, 15 semester hours of work completed on the BYU campus and 5 semester hours taken at BYU centers for Continuing Education or at LDS institutes will satisfy the residence requirement for the two-year program. (The residence requirement may be waived for certain programs completed through the Division of Continuing Education if you receive joint approval from the dean of the sponsoring college and the dean of the Division of Continuing Education.)

Grade Point Average Requirement

To be cleared for graduation, all degree-seeking students must achieve at least a 2.0 (C) cumulative grade point average. Transfer students must have a 2.0 (C) grade point average for both their residence credit at BYU and their cumulative college credits.

Independent Study

A maximum of 36 semester hours of Independent Study credit may be applied toward fulfillment of the 128-semester-hour requirement for a baccalaureate degree. A maximum of 18 semester hours of correspondence may be applied toward the associate degree.

D Grade Credit

Not more than 18 semester hours of D grade credit may be applied toward completion of the bachelor-degree requirements or more than 10 semester hours of D grade credit for the associate-degree requirements. Excess D credit will be deducted from the total hours completed.

Attendance at Commencement

All candidates for graduation are encouraged to attend the commencement and convocation exercises. Diplomas will be mailed to you after grades from the final semester are submitted and all graduation requirements are certified as being completed.

Adherence to University Standards

Your graduation may be delayed or denied if you are found to be in violation of the Brigham Young University Code of Honor.

Scholastic Recognition at Graduation

As of September 1, 1978, there are three designations in recognition of high scholarship: graduation "summa cum laude," graduation "magna cum laude," and graduation "cum laude." These awards are made on the basis of excellence shown in college-level credits earned at BYU and other accredited institutions (a minimum of 45 semester hours of college credit must be earned at BYU and a total GPA of 3.5) prior to the commencement date.

Summa Cum Laude is awarded to the top 1.0 percent of the baccalaureate candidates in each college who have earned a minimum of 45 semester hours of credit at BYU and a total GPA of at least 3.5.

Magna Cum Laude is awarded to the top 1.1 to 5.0 percent of the baccalaureate candidates in each college who have earned a minimum of 45 semester hours of credit at BYU and a total GPA of at least 3.5.

Cum Laude is awarded to the top 5.1 to 10.0 percent of the baccalaureate candidates in each college who have earned a minimum of 45 semester hours of credit at BYU and a total GPA of at least 3.5.

Scholastic Recognition Each Semester

The dean of each academic college at the close of each semester will post a list of names of students who are ranked in the top 5 percent of their colleges for the given semester, who have earned a minimum of 15 credit hours, and who have earned a minimum grade point average of 3.5 or higher in all classes.

THE GE PROGRAM AT BYU

Who Takes General Education

All students who attend BYU are required to fill general education requirements. Those who entered BYU as new freshmen Winter Semester 1976 or thereafter or as new transfer students Winter Semester 1977 or thereafter meet the university's general education requirements under what is termed the General Education Program. Students enrolled earlier than those dates must meet the requirements of the Former General Education Program.

Changes In GE Procedures

Since fall 1981, GE requirements may be filled by taking courses or exemption exams or through standard challenge for credit procedures. The requirement is no longer filled exclusively by passing designated evaluations.

Exemption exams are available for each of the eight required courses (Reading, Writing, Math, Health, American Heritage, Physical Science, Biological and Agricultural Sciences, and Advanced Writing).

Requirements

In some cases there are several courses that deal with the same GE topic. Only *one* of these courses may be taken for GE credit. For example, Introduction to Literature: either English 250 or English 251 may be taken for GE credit, but not both. Students may take only one GE course per department or interdisciplinary area.

Alternative Procedures for Completing GE Requirements

1. Pass an approved GE course by taking the course for credit.
2. Receive credit for an approved GE course by passing an examination.
3. Pass an exemption test to fulfill the GE requirement without receiving course credit. This option is available for the eight required courses:
 - a. Reading
 - b. Writing
 - c. Math
 - d. Health
 - e. American Heritage
 - f. Physical Science
 - g. Biological and Agricultural Sciences
 - h. Advanced Writing

These tests may be taken in the Testing Center on the scheduled dates listed later in this section. See the GE Guide for a description of these tests and their pass levels.

Note: If you pass an exemption test, your score may also be high enough to receive credit for the course. See the GE Guide or the department chairman to find out if your score also qualifies for course credit.

Note: If you are enrolled in a course and pass the exemption test, you must officially drop the course or accept the grade your instructor assigns based on your performance.

Fees for Exams and Credit

1. Fees for taking exemption tests
 - a. Category I—Reading, Writing, Math, Health
A \$5.00 fee must be paid in the Testing Center at the time of the test.

Note: First semester students may take these exemption tests one time during their **first** semester with **no charge**.
 - b. Category II and III—Physical Science, Biological and Agricultural Sciences, American Heritage, Advanced Writing
A \$10.00 fee must be paid in the Testing Center at the time of the test.
2. Fees for credit by examination
 - a. Required GE courses having exemption tests:
If your exemption test score also qualifies for course credit, you must pay \$5.00 per credit hour (in addition to the exemption test fee) to the Cashier's Office **after** filling out the appropriate credit by examination form. This form must be approved by the chairman of the department offering the course. Credit must be claimed during the semester in which the examination is completed.
 - b. Elective GE courses:
Arrangements for the special examination are made through the chairman of the department offering the course. A \$10.00 fee is charged prior to taking each special examination. If you successfully pass the examination, you are charged \$5.00 per credit hour, which is paid to the Cashier's Office.
3. Fees for dropping a course
A \$3.00 fee will be assessed for each class dropped after the fifth day of class each semester or after the third day of class each term.

Monitoring Process

This flexible system allows you a choice of courses and places upon you the responsibility of monitoring your own progress.

1. The essential tool for knowing where you stand is the Advisement by Computer (ABC) Form. The ABC Form lists the classes taken, grades received, and a listing of GE requirements completed. Most important, it clearly outlines the general education, university, and major requirements; in addition, it specifies those areas in which you are deficient. An updated ABC Form is available every semester.
2. Advisement centers also have computer terminals on which your records can be called up at any time to give you an up-to-the-minute report on your university standing.

Transfer Credit for General Education

Transfer students will have their records evaluated on a course-by-course basis for GE purposes. Each transfer course judged equivalent to a BYU general education preparatory course will be recognized as though that course has been passed. A written summary of the transfer credit is mailed to you by the Transfer Credit Evaluation Office soon after you are accepted for admission to BYU. This written summary states which classes have been accepted and which general education evaluations have been satisfied. (Your college advisement center evaluates the courses for the major requirements.)

Category III Extramajor Skill Requirement

Category III requires depth of preparation. The Category III Extramajor Skill consists of a 9-or-more-hour sequence, ordinarily including two preliminary courses and a culminating course. Consult each extramajor skill description in the GE Guide for the exact sequence suggested.

NOTE: The extramajor skill selection must be outside your major department, or, if you have a double major and one of them is listed here, you may use that as your extramajor skill. If you have a minor that is listed as an extramajor skill, you may receive GE credit for that.

This requirement may also be filled by the successful completion of a 301 foreign language class, or any more advanced language, literature, or culture class taught in a particular foreign language. Language courses taught in English are not acceptable.

Religion Requirements

Religion. One religion class is required for each full-time enrollment of 8½ semester hours or more by an undergraduate student at BYU until a total of 14 semester hours in religion has been earned toward a baccalaureate degree or 8 hours toward an associate degree. Part-time students must complete one religion class for every 16 hours of BYU credit completed.

Any religion class in the 100 through 400 series may be taken to meet the religion requirement. In computing the 14-semester-hour total requirement, no more than 4 hours of religion credit at BYU or elsewhere will be counted from any one quarter or semester. The required religion courses will be 2 hours per semester for freshmen, sophomores, and juniors. The required courses for seniors will be only 1 hour per semester.

Transfer students will be required to complete religion courses for the time they spend at BYU (including the Book of Mormon series unless completed elsewhere). The number of courses required will be determined by the number of semesters or part-time hours completed as explained above.

Book of Mormon. All undergraduates must complete 4 semester hours in the study of the Book of Mormon. This requirement may be completed by taking Religious Instruction 121 (or 421) and 122 (or 422). Returned missionaries and upper-division transfer students are encouraged to take 421 and 422.

Transfer Credit from LDS Colleges and Institutes.

Transfer religion credit to meet BYU's religion requirement is limited to the following:

- 1. You are required to complete one religion class per semester at BYU until you graduate or complete the 14-semester-hour requirement.
- 2. Transfer credit will not count until you complete enough religion hours at BYU so the transfer credit plus the BYU religion credit total the minimum 14 hours for a bachelor's degree or 8 hours for an associate degree.
- 3. No more than 4 hours from any one quarter or semester will count.
- 4. Institute credit will be accepted only if the institute director certifies the course was taken for institute credit and conforms with college standards.

Students Required to Study Off Campus. Students required to study off campus to fulfill degree requirements are required to register for religion during that semester through Independent Study, a BYU Continuing Education center, or an LDS institute.

Bible Credit from Non-LDS Colleges and Universities. Bible credit from accredited non-LDS universities and colleges will **not** satisfy the religion requirement. The transfer credit will, however, apply as elective credit toward the total hours required for graduation.

Credit Completed at Centers for Continuing Education. You must complete one religion class for every 16 hours of academic credit completed at BYU centers for Continuing Education.

Requirements for Second Baccalaureate Degree Candidates. Students who register at BYU for a second baccalaureate degree, after having received a first at another university, are required to take one religion class per semester. The Book of Mormon requirement must also be satisfied.

Major Requirements

In addition to the university requirements and the general education requirements, each major has certain requirements, different for each major. The college advisement centers provide information on the requirements for the various majors.

The university majors are listed according to the college and department in which they are offered.

Associate Degrees

Upon completion of an approved two-year curriculum, the Associate of Science degree or the Associate of Arts degree will be awarded at the regular university graduation exercises. A minimum of 64 semester hours of credit (73 hours for nursing students) is required. A candidate for an associate degree must satisfy the following general education requirements.

Former General Education Program

Area	Associate of Science	Associate of Arts
English composition.....	6	6
American history.....	3	3
Health.....	2	2
Physical education.....	1	1
Humanities.....	2	3
Biological science.....	2	3

Physical science.....	2	3
Social science.....	2	3

Two hours of religion credit are required per semester in residence, including Spring Term and Summer Term. Religious Instruction 121 and 122 are required of all students.

Exceptions

- 1. Two-year engineering-technician students are not required to complete the biological science and social science general education groups.
- 2. Nursing students are not required to complete the humanities general education group or Health 130.

Of the total of 64 credits, at least 20 must be taken in residence; however, 15 semester hours of work completed on the BYU campus and 5 semester hours taken at BYU centers for Continuing Education or at LDS institutes will satisfy the residence requirement for the two-year programs. (The residence requirement may be waived for certain programs completed through the Division of Continuing Education if joint approval is given by the dean of the sponsoring college and the dean of the Division of Continuing Education.) A maximum of 10 D credits will be accepted, but both cumulative and BYU grade point averages of 2.0 or above are required.

Current General Education Program

See page 61.

UNIVERSITY POLICIES

Student Classification

At the beginning of each semester, students are classified for that semester as follows:

0-31.9	Freshman
32-63.9	Sophomore
64-95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness which is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

You can repeat classes at BYU. This can be done in four ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from the BYU department chairman.
3. Repeat at other institutions classes taken at the same institution—and then have the credit transferred to BYU.
4. Repeat at BYU through Independent Study or a Continuing Education center.

When you repeat a class, except for classes classified as R classes, the grade used to figure your grade point average is the grade earned the last time the repeated class was taken. You must notify the Records Office, B-150 ASB, that the class has been repeated during the next semester afterward.

Changing College or Major

A student who desires to transfer from one major to another, or from one college to another, must clear this change through the college advisement centers. Official change of major cards may be obtained from the college advisement center of the college **in which you are presently enrolled**. After being properly signed, the card must be submitted to the college advisement center of your new college. Graduate students should review the policy regarding them on page 71.

Incomplete Grades

The letter I (incomplete) is used to indicate that work is not yet completed. It is given only when special prior arrangements for the completion of the specific work involved have been made between the teacher and the student. The I never is given when you have failed or are failing. An I is regarded as a neutral grade for a period of one year, following which it will be changed to an E and calculated as such in the grade point average. An authorization for change of incomplete form, with a \$3.00 fee, must be properly completed and submitted to the Records Office, B-150 ASB, within one year from the date the incomplete is given. **DO NOT REGISTER FOR A CLASS FOR WHICH YOU HAVE AN INCOMPLETE.**

Academic Standards

Academic Standing is determined by the cumulative grade point average of graded credits earned at BYU.

Academic Warning will be given if the grade point average for the most recent enrollment is below 2.0, even though the BYU cumulative GPA is at or above 2.0.

Academic Probation will be given when the BYU cumulative grade point average falls below 2.0, with the exception of freshman-level nontransfer students completing their first semester or term at BYU, who will initially be given academic warning.

Academic Suspension may result from failure to bring the BYU cumulative grade point average up to 2.0 or above at the end of the semester or term of academic probation.

Lack of Progress Standing is determined by the percentage of nonprogress grades (W, I, T, NS), failing grades (E, UW, WE), and repeat classes occurring in the last 30 credit hours. When this percentage reaches 35 percent or more, the student is placed in the Lack of Progress Program.

Lack of Progress Warning is given to students who fail to reduce the percentage of nonprogress grades below the 35 percent level during their next enrollment following placement in the Lack of Progress program.

Lack of Progress Probation is given to students who fail to reduce the percentage of nonprogress grades below the 35 percent level during their next enrollment following placement in Lack of Progress Warning status.

Lack of Progress Suspension may result when students fail to reduce the percentage of nonprogress grades below the 35 percent level during the next enrollment following placement in Lack of Progress Probation status.

Once placed on Academic or Lack of Progress Warning/Probation, students are strongly encouraged to contact the Academic Standards Office for advisement and help.

Readmission. Once suspended, students must establish readmission eligibility by contacting the Admissions Office, A-183 ASB. Generally, specific preparatory work must be completed before an application will be considered.

Withdrawal (Discontinuance) from BYU

A daytime student is not officially withdrawn (discontinued) from the university unless the student has completed the discontinuance process in the Office of Student Special Services, 390 SWKT.

If you find it necessary to totally discontinue all classes, you must do the following:

1. Complete discontinuance forms from the Student Special Services Office, 390 SWKT, Ext. 2767.
2. Obtain instructor and clearance signatures as necessary. NOTE: Beginning with the sixth week of the semester or third week of the term, the discontinuing student becomes responsible for grades earned in classes. Signatures must be obtained from individual instructors, who indicate your pass or fail status.
3. Have a personal interview, if deemed necessary, and be signed out by a member of the Student Special Services staff.
4. Have the student activity card voided. *You retain the voided card and photo ID if future enrollment is anticipated.*
5. Refer to page 43 for discontinuance refund information.

Those students enrolled in *Evening Classes only will discontinue through the Office of Evening Classes, 225 HRCB*. Law School students will *initiate their discontinuance through the office of the Law School dean, 348 JRCB*.

Students who leave the university under emergency conditions and who subsequently do not return during the semester or term should contact the Student Special Services Office, 390 SWKT, Ext. 2767, at the earliest possible time to initiate official termination of course enrollment.

Confidentiality of Records Policy

The policy of Brigham Young University concerning confidentiality of student academic records reflects a reasonable balance between the obligation of the institution for the instruction and welfare of the student and its responsibility to society. The university will make every effort to maintain student academic records in confidence by keeping information from individuals who are not authorized to receive it or who might use it for illegitimate purposes.

Though the Family Educational Rights and Privacy Act of 1974, which controls access to the student records of most universities, does not apply to Brigham Young University, the university will make every effort to extend to students and their families the same rights granted by the act. Upon presentation of appropriate identification and under circumstances that preclude alteration or mutilation of records, a student will be able to inspect all records that are not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. A student is entitled to an explanation of any recorded data and may initiate action leading to a hearing, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use student records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which the student has applied for admission or from a lending institution from which the student is seeking assistance will be granted without the student's permission. Similarly, data will be furnished to university accrediting bodies and governmental officials without permission of the student. Grade reports are also sent to the parents of unmarried freshman students under twenty years of age without permission of the student.

No student information other than public information will be given to any third party (except those mentioned above) without written consent of the student, and then only those records accessible to the student. The term *third party* is construed to include parents, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if the parents establish, to the satisfaction of the university, that they are providing one-half or more of the student's support. Court orders and subpoenas for records will be referred to the university's legal counsel and acted upon according to his directions. The student will be notified of information to be submitted in response to subpoenas or court orders prior to actual submission of the material.

Public information will be released to news media and to others upon request. Public information is defined as follows:

1. Name of student
2. Whether student is currently enrolled
3. Class (i.e., freshman, sophomore, etc.)
4. Home and local addresses and phone numbers
5. Field of study
6. Degrees awarded, if any
7. Birth date
8. Names of parents or spouse

Such information will be released only with appropriate

precautions for the safety and privacy of the student. Under proper conditions, the registrar or assistant registrar may give the addresses of parents.

Policy of Nondiscrimination

Admission to Brigham Young University is nondiscriminatory. The university admits persons of any sex, race, creed, religion, or national origin who meet the university's academic requirements and agree to abide by its standards of behavior. Qualified handicapped students are admitted.

Exception to University Policy

A student who wishes an exception to a university policy may petition in writing the request to the Exception to University Policy Committee. Petition forms are available in B-150 ASB.

Graduate School Information

It is your responsibility, as a graduate student, to know and conform to both the general regulations of the Graduate School and the additional requirements of your department. Because these regulations may change from year to year, we suggest you consult the current catalog and your department to be aware of current regulations.

To maintain your status as a graduate student and therefore be allowed registration privileges you must meet minimum registration requirements:

1. If this is your first semester, you must register for a minimum of 2 semester hours to meet the conditions of your acceptance. Failure to do so will result in your deletion from graduate-degree-seeking status. If you would like to delay your first semester, you should contact the Graduate School Office, B-336 ASB, telephone 378-4091.
2. In order to remain a graduate student you must register for a minimum of 6 semester hours per **academic** year. The credit must be nonaudit and you must receive an acceptable grade (no E, D, UW, or W grades allowed). There are different ways of fulfilling this requirement and we encourage you to contact the Graduate School Office for more information.
3. Finally, you must register for a **minimum** of 2 nonaudit semester hours of credit in the semester in which you plan to graduate. If registration is not possible, you should contact the Graduate School Office.

Graduate International Students

If you are an international student, you will also need to conform to the U.S. Immigration Regulations. This means that you must be registered for at least 9 semester hours of credit each Fall and Winter Semester. If you have fewer than 9 semester hours of credit remaining as needed for your program, you will then need to register for a minimum of 2 hours per semester (Fall, Winter, Spring-Summer). If you have any questions concerning this requirement, please contact the Graduate School Office.

Registration for Faculty and Staff

Full-Time Teaching Faculty

1. **Registration for Fall and Winter Semesters.** Full-time teaching faculty may register for courses of study up to 6 hours per semester and will not be required to pay the regular cost of tuition.**

2. **Registration for Spring and Summer Terms.** Continuing faculty members **not teaching** during the Spring or Summer Terms may take any amount of credit hours and will not be required to pay the regular cost of tuition during the term they are not teaching. Faculty members **teaching** during Spring or Summer Terms may take a limit of (a) 3 credit hours per term, (b) 6 continuous credit hours covering both terms (i.e., classes that begin at the start of Spring Term and run continuously until the end of Summer Term), or (c) 4 credit hours in one term and 2

credit hours in the other. If no classes are taken in Spring Term, 6 credit hours **may not** be taken in the Summer Term, and vice versa. **No person may take more than 4 credit hours in one term.**

3. **New Faculty.** New faculty members may not take class work during the Spring or Summer Term before they begin their school-year teaching assignment.

4. **Spouse.** The spouse of a full-time teaching faculty member may register for courses of study with no limit as to the number of hours day or evening and will not be required to pay the regular cost of the tuition.**

Administrative Personnel

The same information applies as for full-time faculty except Item 3. Administrative personnel become eligible for class work benefits the semester or term following their date of hire.

Full-Time Regular Staff

NOTE: See **Personnel Policies and Procedures** No. 502 for tuition benefits for full-time staff with less than five years' and greater than five years' continuous service.

1. **Registration for Fall and Winter Semester.** Full-time regular staff may register for courses of study up to 6 credit hours per semester and will not be required to pay the regular cost of tuition. Courses may not be taken during regular working hours. Lunch hours, no matter when scheduled, may not be used for class attendance. Staff personnel working a regular schedule (8:00 a.m. to 5:00 p.m.) may not enroll in evening classes beginning approximately 4:00 p.m. or before.

2. **Registration for Spring and Summer Terms.** During Spring or Summer Terms, staff members may allocate their credit hours of class attendance as in Item 2a,b,c for full-time faculty.**

3. **Spouse.** After the staff employee has completed five years of continuous employment as a full-time regular staff member, his or her spouse may register for courses without restriction as to time or number of credit hours day or evening and will not be required to pay the regular cost of tuition.**

Part-Time Faculty

Part-time faculty members (not graduate assistants) may enroll in classes for the number of credit hours up to the number of hours they teach, not to exceed 5 hours per semester (3 hours per Spring or Summer Term), and will not be required to pay the regular cost of tuition *for the first 5 credit hours or less*. There is no provision for accrual of credit hours. Benefit is available only during the semester or term in which courses are taught. Part-time faculty members will need to pay for any additional hours they wish to take, but they may not become full-time students.**

Part-Time Staff, "Full-Time Staff" on a Temporary Basis, and Full-Time Special Staff

All such employees are ineligible for tuition benefits and must pay the current cost of tuition and fees for registration in courses.

Evening Classes Registration (Evening Only)

Employee tuition cards indicating eligibility for Evening Classes may be obtained at the Evening Classes Office, 225 HRCB (see instructions below).

3. **Registration Schedule.** Please watch for university notices of times for advance registration. Contact the Registration Office, B-130 ASB, Ext. 2824, for information.

Evening Classes

Any eligible employee formally admitted to Brigham Young University may enroll for Evening Classes. Students not formally accepted may enroll for credit, provided they meet the following requirements:

1. They have earned a minimum high school or college grade point average of 2.5 and have submitted an application for enrollment, together with a high school or college transcript to the Department of Evening Classes, or
2. They will be nineteen years of age on or before August 31 of the academic year.
3. They have not been suspended for any reason from this or any other institution of higher learning.

Registration

Forms for registering may be obtained at the department offices (225 HRCB) or in the Benefits Office. Check the current Class Schedule for semester and term deadlines and watch the weekly *Y News* for instructions. To assure a place in the class of your choice, register early and before deadlines. **All completed registrations must be turned in to 225 HRCB. All matters concerning evening registration are handled in this office.**

Changes in Registration

To minimize changes in registration, employees should exercise great care in planning their schedules. When a change in registration becomes necessary, employees must obtain a Change in Registration card from 225 HRCB. The approval and signature of the instructors involved in the change are required.

Changes in registration may be made without charge during the first five class days of the Fall and Winter Semesters. Classes may be added during the first ten class days of Fall and Winter Semesters. Classes may be dropped during the first month of Fall and Winter Semesters. A fee of \$3.00 per class will be charged for each class dropped after the fifth day of class work.

During Spring Term or Summer Term, classes may be added during the first week only. Classes may be dropped during the first three weeks of classes. A fee of \$3.00 per class will be charged for each class dropped after the fifth day of class work.

Discontinuance

A student discontinuing his or her entire registration at Evening Classes is required to clear through this office (225 HRCB). A \$5.00 fee is charged for the service after registration has been finalized.

Day Classes for Credit

Employees or spouses **who are eligible** to take classes for credit at Brigham Young University must be formally admitted. To complete the admissions process, the employee or spouse should obtain an Application for Admission from either the Admissions Office, A-153 ASB, or from any of the college advisement centers. Parts A and B of the admissions application need to be completed. The high school transcripts (for individuals who have never taken college-level work) or college transcripts (for individuals who have previous college work), should also be returned to the Admissions Office. A one-time \$15.00 application fee will also need to be paid at that time. Upon acceptance to the university, all advance registration materials will be sent to the employee or spouse for class registration. Employees and their spouses will need to bring their Confirmation of Registration to the Benefits Office, where final processing will be accomplished. Employees are reminded that a Request for Daytime Class Attendance form must be completed and finalized before finalization of registration takes place. For subsequent semesters, materials may be obtained at the college advisement centers. Apply for graduate credit through the Graduate School Office, B-336 ASB.

Times When Readmissions Application Is Required

Having once been accepted, if the employee or spouse misses one full semester he or she must go through the process of submitting new Parts A and B to the Admissions Office. No transcripts are required the second time unless additional college work has been completed elsewhere since the last enrollment at the BYU.

Auditing Classes

All faculty, administrative and staff employees, or spouses who desire to audit classes at BYU should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited in this manner will not

appear on official records. Staff employees are not eligible to audit daytime classes. If they wish to audit Evening Classes, they should do so through the Department of Evening Classes. Any exceptions should be cleared through the Benefits Office.

University Discontinuance

A BYU employee who discontinues his or her entire registration at the university is required to clear this termination through the office of Student Special Services, 390 SWKT. If all classes are evening classes, clear through Evening Classes, 255 HRCB.

The center is the primary host facility for conference guests on campus. It is especially equipped to provide a favorable learning environment for guests participating in conferences, workshops, institutes, seminars, training seminars, and other educational programs. The programs may be sponsored by a university unit or cosponsored with an off-campus professional, government, corporate, civic, recreational, religious, or community organization.

Audiovisual technology includes basic A/V equipment and systems as well as sophisticated teleconferencing capabilities.

Those interested in scheduling the center should contact the scheduling secretary at 378-7700.

BYU Honor Code

The Church of Jesus Christ of Latter-day Saints sponsors Brigham Young University to provide a university education in an atmosphere consistent with the ideals and principles of the Church. The maintenance of high standards of personal behavior and appearance is essential to the preservation of that atmosphere and to the development of men and women who personify these ideals and principles. By enrolling or accepting employment at Brigham Young University a person signifies willingness to live in accordance with the following principles, whether on or off campus:

1. Abide by the standards of Christian living taught by The Church of Jesus Christ of Latter-day Saints.
This includes graciousness and consideration for others and the observance of high principles of honor, integrity, and morality.
2. Be honest in all behavior.
This includes not cheating, plagiarizing, or knowingly giving false information.
3. Respect personal rights.
This includes—
 - a. not physically or verbally abusing any person and not engaging in conduct that threatens or endangers the health or safety of others, and
 - b. not obstructing or disrupting the study of others; the performance of official duties by university officers or employees; the teaching, research, disciplinary, administrative, or other functions of the university; or other authorized activities on university premises.
4. Respect property rights.
This includes refraining from theft, concealment, damage, or misuse of the property of others.
5. Obey, honor, and sustain the law.
6. Avoid drug abuse.
This includes refraining from the possession, use, or distribution of any narcotic or dangerous drug (as defined by applicable law), except as prescribed by a licensed medical practitioner.
7. Comply with all university regulations.
This includes compliance with rules relating to campus organizations and to the use of university or off-campus housing or other facilities.
8. Observe the Word of Wisdom.
This includes abstinence from alcoholic beverages,

tobacco, tea, and coffee.

9. Live the law of chastity.
This includes abstinence from all sexual relations outside the bonds of marriage.
10. Observe high standards of taste and decency.
This includes refraining from disorderly, lewd, indecent, or obscene conduct or expression.
11. Observe university standards of dress and grooming.
12. Help others fulfill their responsibilities under this code.

Dress and Grooming Standards

Students at Brigham Young University, BYU—Hawaii Campus, Ricks College, and LDS Business College are expected to abide by and support the following standards of dress and appearance. Continuing registration constitutes an affirmative consent to abide by these standards.

General

The attire and grooming for both men and women should always be modest, neat, clean, and becoming the dignity of a representative of BYU and The Church of Jesus Christ of Latter-day Saints.

Clothing, including swimming suits, must be modest in fabric, fit, and style. Shorts, swimming suits, and gym clothes are acceptable wear only in the living and athletic areas. So-called "grubby attire" may be worn only in the immediate areas of residence halls and at informal outdoor activities, but not in dining areas.

"Grubby attire" includes tank tops, sweat suits, jogging attire, bib overalls, clothes with holes or those that are noticeably frayed, cutoff, or patched. Shoes are to be worn in public campus areas. Thongs or slippers are allowed in living areas only. Men must wear socks with shoes.

Acceptable attire will be designated for each student body dance. Attire for all other school activities, including athletic events, should be consistent with these standards and guidelines unless otherwise designated by appropriate authority.

Men

Slacks or jeans with sweaters, sport shirts with sleeves, ties, sport coats, and blazers are all acceptable men's wear.

Beards are not acceptable. Moustaches are not encouraged, but, if worn, should not extend beyond or below the corners of the mouth. Long or bushy sideburns are not acceptable. Men's hairstyles should be clean, neat, and trim. Hair may brush over the top of the ear but must be cut and styled so as to leave the major portion of the ear uncovered and visible. Hair must be above the collar in the back.

Women

Dresses, sweaters, or blouses with skirts or culottes, or modest pantsuits or slacks are all acceptable women's wear.

Women's hemlines on dresses, skirts, and culottes are to be of modest length. Dresses or skirts above the knee or those with slits above the knee are immodest and inappropriate. Similarly, the no-bra look is unacceptable at BYU.

Evening and formal wear may not include low-cut necklines or strapless gowns.

Interpretive Guidelines

Our dress and grooming standards have been designed to create visual differences in clothing worn by men and women. These important differences have their origin in God's eternal plan for men and women.

Swimsuits and gym clothes are acceptable wear in living and athletic areas only.

Men's and women's clothing, including swimming suits, must be modest in fabric, fit, and style.

Attire for all school activities, including athletic events, should be consistent with these standards and guidelines unless otherwise designated by appropriate authority.

Dresses or skirts (or slits in dresses or skirts) above the knee, as well as the no-bra look, are immodest and therefore inappropriate.

Shirts with sleeves must be worn in classes and public campus areas.

Grubby attire includes tank tops, sweat suits, jogging attire, overalls, clothes with holes, or those that are noticeably frayed, faded, cut off, or patched.

Men must wear socks with shoes.

Thongs or slippers are allowed in living areas only.

Personal Development Program

Although the major emphasis at Brigham Young University is on intellectual and spiritual development, the University is also concerned with the personal and social development of its students. Two types of courses are offered to assist in this development. The first is taught by faculty from established academic departments and carries academic credit. (These classes are listed below.) The second type consists of experiential courses taught by faculty from the Student Life area and may or may not carry credit. These latter classes involve such topics as interpersonal communication, enhancement of self-esteem, developing self-control, biofeedback training, weight control, eliminating self-defeating behaviors, and life planning. For further information contact the Interpersonal Relations Center, 173 SWKT, 378-4471.

Class Schedule Abbreviations

The courses in the Listing of Classes section are listed under their respective departments, which appear alphabetically. Course information is presented in fourteen columns as follows:

1. DEPT—the department of the university which offers the class. The university is divided into ten colleges and each college is divided into various departments. See page 49 for a listing of the colleges and departments at BYU.
2. CATG NO—the catalog number. Enter this number in the second column of the worksheet. The numbers indicate the following classifications:

Preparatory and remedial courses	1-99
Lower-division courses	100-299
Upper-division courses	300-499
Courses for graduates or advanced undergraduates	500-599
Graduate courses	600 or above

Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

R designates a course that may be repeated for credit. Two R courses with the same number on a transcript are treated as two independent courses.

If an R course is repeated for the purpose of raising the grade received, the grades will be averaged because it is assumed that the subject matter varies from time to time.

3. SEC—section. When more than one class of a particular course is offered, they are distinguished by different section numbers. Enter this number in the third column of the worksheet.
4. INDEX—index number. Each class has a different index number for computer identification purposes. Enter this number in the fourth column of the worksheet.
5. CR HR—credit hours. To graduate, you must have completed 128 credit hours of course work. To graduate in eight semesters, you must average 16 credit hours per semester. **V means variable credit hours. Register for the desired number of hours within the approved range indicated in the schedule** (see advisement center for further information).
6. B L K—block. Each semester is divided into two blocks. Block classes are offered either during the first or second block of the semester.
7. DAYS TAUGHT—class days.
8. ROOM—BLDG—where the class meets (see below for building abbreviations).
9. SPECIAL ENROLLMENT—classes restricted to particular students.
10. ALSO OFRD—classes also offered during the indicated semester or term: F-Fall, W-Winter, S-Spring, SU-Summer.
11. APPROV OR FEE—classes requiring special approval. See the explanatory footnote at the bottom of every other page.
12. TBA—To Be Announced (see department).

STEP D SUBMIT THE CLASS REQUEST FORM

Step D: Submit the Class Request Form on Time and AT THE RIGHT PLACE.

If you are on campus, submit your completed class request form to your advisement center or to B-130 ASB.

If you are away from campus, mail your completed class request form to B-130 ASB, BYU, Provo, Utah 84602. The envelope attached to the inside cover is addressed for this purpose.

Submit your class request form so that it is received at BYU before the following dates:

May 14 F (5:00 p.m.)

For first priority in the scheduling of classes:

June 2 W (5:00 p.m.)

Last priority deadline. Students failing to meet this deadline must late register beginning June 29, 1982, and pay a \$10.00 late fee (see Late Registration, page 8).

Step E: Receive Confirmation of Classes and Pay Tuition.

The confirmation of classes and tuition assessment will be mailed:

- May 28 F For students who meet the first- and second-priority registration deadlines.
- June 4 F For students who meet the last-priority deadline.

These dates should be helpful in selecting the mailing address you indicate on your class request form.

The confirmation form (minus the student copy) and a check or money order to cover the amount of the assessed tuition should be mailed to BYU in the envelope provided. Drop boxes are also provided for students on campus who wish to save postage.

The deadline for tuition and fee payment is Friday, June 18, 1982, at 5:00 p.m. Students who fail to meet the tuition deadline will lose all classes for which they are scheduled, will be required to pay a late fee of \$10.00, and will need to late register (see Late Registration, page 8).

STEP E PAY TUITION

ADDITIONAL REGISTRATION INFORMATION

Additional Registration Information

Late Registration

Any student—new, continuing, or former—who fails to submit a class request form by June 2, 1982, or fails to pay tuition by June 18, 1982, must late register. Late registration begins Tuesday, June 29, 1982, in the Smith Family Living Center step-down lounge and will continue on a SPACE AVAILABLE BASIS until Wednesday, July 7, 1982. There will be a \$10.00 late registration fee assessed in addition to the regular tuition and fees.

*IMPORTANT NOTICE: The university reserves the right to close late registration at the time the student enrollment reaches the maximum number set by the Board of Trustees. Therefore, late registration forms will be processed on a first-come, first-served basis.

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 hours of credit in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be made by the college advisement center on the Change of Registration (Add/Drop) Card. Auditing of classes, registering for a class without receiving credit, or registering for evening classes constitutes a part of your total registration. Exceptions to these rules should be presented to the assistant dean of Admissions and Records, A-183 ASB.

Adding and Dropping Classes

Changes in registration are made by adding classes you wish to take and dropping classes you do not wish to take. Classes may be added or dropped beginning June 29, 1982. All changes require the approval of the instructor, indicated by the instructor's signature on your change of registration form (add/drop card).

The change of registration procedure is:

1. Obtain a change of registration form from the Registration Office or your college advisement center (see page 3 for listing).
2. Get the consent and signature(s) of the instructor(s).
3. Pay a \$3.00 fee per class to the university cashier (when applicable).
4. Take the change of registration form to the Registration Office, B-130 ASB.

Please note the following deadlines for changes in schedule:

Summer Term Classes

June 29	T	Classes begin. You may add, drop, or late register for classes.
July 1	Th	Last day to drop classes without a \$3.00 fee per class.
July 7	W	Last day you may add classes, late register, or change classes to audits. Classes dropped after this day will show as W's on the transcript.

July 16	F	Last day you may drop classes for academic reasons.
Aug. 6	F	Last day you may officially withdraw from classes for nonacademic reasons.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the last five days of the add period, July 2-7, 1982. It is not possible to register for an audit class on the advance class request form. **You are charged the same fees for auditing classes as for credit classes.** Classes taken on an audit basis will not appear on your official record and will not be considered in calculating enrollment verifications.

Admission to Class

Students whose names are on the class roll are officially registered. If your name is not on the roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Another roll, sent out during the third week, includes the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8.0 hours during a semester or under 4.0 hours during a term are considered part-time. Students enrolled in 4.0 or less credit hours for the semester will be considered less than part-time. Audits do not count in students' total enrollment hours.

Evening Classes

Daytime students taking evening classes (sections 90-99) must register for the courses at the same time they complete and submit the registration form for day school.

Those who register for evening classes only should register by mail or telephone (378-2872) prior to April 27 for Spring Term and June 22 for Summer Term. On-campus registration will be in the Evening Classes Office, 120 HCEB, from March 8 through May 11 for Spring Term and May 17 through July 7 for Summer Term. Late registration will begin on May 4 for Spring Term and June 29 for Summer Term.

Faculty and staff members who register for evening classes only must register by April 20 for Spring Term and June 15 for Summer Term. Employee tuition cards are available in the Evening Classes Office.

Registration for Faculty and Staff

(See page 71.)

Independent Study Programs (Formerly Home Study)

Independent Study is the university's "portable" program. It allows you to earn credit through correspondence work, on or off campus. The instructor evaluates the lessons and responds with observations and helpful suggestions. More than three hundred courses are available, representing over

fifty departments (noncredit and high school courses are also available). You may register for courses anytime during the year and take up to a year to finish each course.* For further information and a free catalog of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868. Office hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday.

Associate and Bachelor of Independent Studies Degrees

BYU offers a special associate or bachelor's degree designed for adults. These are "liberal arts" degrees, with no focus on a major or minor.

Obtain information and degree application materials from Degrees by Independent Study, 21 HRCB, Provo, Utah 84602 (telephone 378-4351).

*Current tuition is \$32.00 per semester hour.

Step 1: Organize Your Registration Materials.

You will need the following items to register:

BYU General Catalog

Description of all courses, general education, and major requirements. Available at the BYU Bookstore or may be ordered by sending \$3.00 to BYU Mail Service, 230 UPB.

Class Request Form

Attached inside front cover of Class Schedule. Also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes

List of classes needed to meet university, general education, and major requirements.

Continuing Students should refer to the BYU General Catalog, contact their advisement center, or refer to the General Education section of the Class Schedule. Go on to Step 2. (See page 6.)

New Students are automatically mailed a list of suggested classes from their college advisement center. If you have not received this list, you should contact your college advisement center as listed on the inside cover of this book. The following section, Help for New Students, will help you understand some new college vocabulary. It will also show you some classes to select.

Help for New Students

Questions a Student Must Be Able to Answer

What is a credit hour?

A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12 to 16 credit hours (five or six classes) per semester. This will vary depending on the difficulty of the classes, outside involvement, and motivation to study. There is space on the class request form to indicate the maximum credit hours you desire.

What is general education?

The General Education Program at BYU assures that the student has achieved competence in certain skills or knowledge before graduating. Proof of competency is achieved by successfully passing required courses. Some students challenge courses and pass the requirement by taking examinations when they arrive on campus (without having taken prior BYU course work).

What is a major?

A major is a concentrated group of classes in a particular field you take to achieve your educational goals. You may have selected a major on the admission application. If you are presently undecided, you may enter the nonmajor program.

How do I request classes?

A class request form is attached in the front of this book. All new freshmen should list at least ten classes per semester (six per term) on the class request form. This will enable the computer to find five or six available classes that will add up to the credit hours desired.

STEP 1: ORGANIZE YOUR REGIS- TRATION MATERIALS

Help for New Students

Which classes should I select?

New freshmen are automatically mailed a list of suggested classes from their college advisement center. If you have not received this list, you should contact your college advisement center as listed on the inside cover of this book, or, if necessary, you can choose from the classes *listed below*.

The classes below are chosen from university and general education requirements. Most students will attend six classes (15 credit hours). You will want to prepare a list of as many as ten classes, so that you can give the computer some additional classes to search for in case some of your first choices are not open or available.

STEP 4: SUBMIT THE CLASS REQUEST FORM

Step 4: Submit the Class Request Form ON TIME and AT THE RIGHT PLACE.

If you are on campus, submit your completed class request form to your advisement center or to B-130 ASB.

If you are away from campus, mail your completed class request form to B-130 ASB, BYU, Provo, Utah 84602. The envelope attached to the inside cover is addressed for this purpose.

Submit your class request form so that it is received at BYU before the following dates:

July 9 (5:00 p.m.)

For first priority in the scheduling of classes.

July 27 (5:00 p.m.)

For second priority in the scheduling of classes

August 11 (5:00 p.m.)

To register on time. Students failing to meet this deadline must late register beginning September 7, 1982, and pay a \$20.00 late fee (see Late Registration, page 10).

Step 5: Receive Confirmation of Classes and Pay Tuition.

The confirmation of classes and tuition assessment will be mailed:

- | | |
|-------------|--|
| August 5 Th | For students who meet the first- and second-priority registration deadlines. |
| August 13 F | For students who meet the last-priority deadline. |

These dates should be helpful in selecting the mailing address you indicate on your class request form.

The confirmation form (minus the student copy) and a check or money order to cover the amount of the assessed tuition should be mailed to BYU in the envelope provided. Drop boxes are also provided for students on campus who wish to save postage.

The deadline for tuition and fee payment is Thursday, August 26, at 5:00 p.m. Students who fail to meet the tuition deadline will lose all classes for which they are scheduled, will be required to pay a late fee of \$20.00, and will need to late register (see Late Registration, page 10).

STEP 5: PAY TUITION

ADDITIONAL REGISTRATION INFORMATION

Additional Registration Information

Late Registration

Any student—new, continuing, or former—who fails to submit a class request form by August 11, 1982, or fails to pay tuition by August 26, 1982, must late register. Late registration begins Tuesday, September 7, 1982, in the Smith Family Living Center step-down lounge and will continue on a SPACE AVAILABLE BASIS until Monday, September 20, 1982. There will be a \$20.00 late registration fee assessed in addition to the regular tuition and fees.

IMPORTANT NOTICE: The university reserves the right to close late registration at the time the student enrollment reaches the maximum number set by the Board of Trustees. Therefore, late registration forms will be processed on a first-come, first-served basis.

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 hours of credit in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be made by the college advisement center on the Change of Registration (Add/Drop) Card. Auditing of classes, registering for a class without receiving credit, or registering for evening classes constitutes a part of your total registration. Exceptions to these rules should be presented to: Assistant Dean of Admissions and Records, A-183 ASB.

Adding and Dropping Classes

Changes in registration are made by adding classes you wish to take and dropping classes you do not wish to take. Classes may be added or dropped beginning September 7. Generally, approval to add classes is given by the instructor. Exceptions to this rule are listed in the Class Schedule in the class listing portion under the name of the department. The change of registration procedure is:

1. Obtain a change of registration form from the Registration Office or your college advisement center (see inside front cover for listing).
2. To add a class, obtain approval from the instructor or department if indicated in the Class Schedule.
3. To drop a class, complete the form indicating the class to be dropped (no signature required).
3. *Pay a fee per class to the university cashier (when applicable).
4. Take the Change of Registration Card to the Registration Office, B-130 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) must do so on an add/drop card during the last five days of the add period, September 14, 15, 16, 17, and 20. It is not possible to register for an audit class on the advance class request form. **You are charged the same fees for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official record and will not be considered in calculating enrollment verifications.

Admission to Class

Students whose names are on the class roll are officially registered. If your name is not on the roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Another roll, sent out during the third week, includes the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8.0 hours during a semester or under 4.5 hours during a term are considered part-time. Students enrolled in 4.0 or less credit hours for the semester will be considered less than part-time. Audits do not count in students' total enrollment hours.

Evening Classes

Daytime students taking evening classes (sections 400-499) must register for the courses at the same time they complete and submit the registration form for day school.

Those who register for evening classes only should register by mail prior to August 25, 1982. On-campus registration will be in the Evening Classes Office, 120 HCEB, from July 19 through August 30, 1982. Late registration will begin on September 7, 1982.

Faculty and staff members who register for evening classes only must register by August 26, 1982. Employee tuition cards are available in the Evening Classes Office.

Registration for Faculty and Staff

(See page 26.)

Independent Study Programs

Independent Study is the university's "portable" program. It allows you to earn credit through correspondence work, on or off campus. The instructor evaluates the lessons and responds with observations and helpful suggestions. More than three hundred courses are available, representing over fifty departments (noncredit and high school courses are also available). You may register for courses anytime during the year and take up to a year to finish each course.* For further information and a free catalog of courses, contact the Independent Study Office, 206 HCEB, or telephone 378-2868. Office hours are from 8:00 a.m. to 5:00 p.m. Monday through Friday.

*Tuition is \$35.00 per semester hour and is not included in your regular BYU daytime tuition.

Tuition and Fees

TUITION AND FEES

The nation's largest church-related university, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. Approximately 70 percent of the cost of operating the university is paid from the tithes of Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational costs.

All students who register will be expected to pay tuition and fees at the time of registration.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

The tuition and fees paid as a part-time student do not entitle one to health service, student activity privileges, or physical education suit and facility privileges.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full time and must register as a full-time student. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Advanced-standing students are those students who are or will be in the following categories by the beginning of the semester or term for which they are registering:

- A. All graduate students (except Law School students or Graduate School of Management students), including non-degree-seeking graduates.
- B. All students who have received their first bachelor's degree.

Full-time classification for both undergraduate and graduate students is registration for over 8 credit hours per semester and 4 credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to the Treasurer's Office.

Assessment Adjustment

After initial registration, a part-time student who increases the number of credit hours must pay for these additional hours on the day they are added. If this is not done, a late fee will be assessed.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Registration Office. The activity card must be surrendered at that time. A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last day for adding classes. Refunds for courses dropped after that date will be subject to the refund policy listed below.

Late Registration Fee

Late registration fees will be assessed all full-time and part-time students for failure to complete registration on scheduled dates.

After August 26 (Fall Semester).....\$20.00

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed in addition to a \$7.00 dishonored check fee.

Tuition Refunds

If you discontinue school, a refund will be made minus a charge of \$10.00 (\$5.00 for a part-time student). In addition, there is a per-day charge of 3 percent of the total tuition paid or payable for the semester. You will be charged for the first day of the semester in which classes were held, following the day you registered, to the day on which you report your discontinuance to the Office of Student Special Services.

Any refund due because of discontinuance from school will be made only by check through the mail. It will be mailed

approximately two weeks from the date on which you report your discontinuance and have your activity card voided by the Office of Student Special Services.

Refunds will not be granted to students who are requested to discontinue from the university for violation of standards.

Late fees are not refundable.

UNIVERSITY POLICIES

Student Classification

At the beginning of each semester, students are classified for that semester as follows:

0-31.9	Freshman
32-63.9	Sophomore
64-95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy

You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness which is causing the absence. Notification to teachers of emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes

You can repeat classes at BYU. This can be done in four ways:

1. Repeat at BYU classes taken at BYU.
2. Repeat at BYU classes taken at other institutions. A memo of equivalency is needed from the BYU department chairman:
3. Repeat at other institutions classes taken at the same institution—and then have the credit transferred to BYU.
4. Repeat at BYU through Independent Study or a Continuing Education center.

When you repeat a class, except for classes classified as R classes, the grade used to figure your grade point average is the grade earned the last time the repeated class was taken. You must notify the Records Office, B-150 ASB, that the class has been repeated during the next semester afterward.

Changing College or Major

A student who desires to transfer from one major to another, or from one college to

another, must clear this change through the college advisement centers. Official change of major cards may be obtained from the college advisement center of the college in which you are presently enrolled. After being properly signed, the card must be submitted to the college advisement center of your new college. Graduate students should review the policy regarding them that follows.

Incomplete Grades

The letter I (incomplete) is used to indicate that work is not yet completed. It is given only when special prior arrangements for the completion of the specific work involved have been made between the teacher and the student. The I never is given when you have failed or are failing. An I is regarded as a neutral grade for a period of one year, following which it will be changed to an E and calculated as such in the grade point average. An authorization for change of incomplete form, with a \$3.00 fee, must be properly completed and submitted to the Records Office, B-150 ASB, within one year from the date the incomplete is given. **DO NOT REGISTER FOR A CLASS FOR WHICH YOU HAVE AN INCOMPLETE.**

Withdrawal (Discontinuance) from BYU

A daytime student is not officially withdrawn (discontinued) from the university unless the student has completed the discontinuance process in the Office of Student Special Services, 390 SWKT.

If you find it necessary to totally discontinue all classes, you must do the following:

1. Complete discontinuance forms from the Student Special Services Office, 390 SWKT, Ext. 2767.
2. *Obtain instructor and clearance signatures as necessary.* NOTE: Beginning with the sixth week of the semester or third week of the term, the discontinuing student becomes responsible for grades earned in classes. Signatures must be obtained from individual instructors, who indicate your pass or fail status.
3. Have a personal interview, if deemed necessary, and be signed out by a member of the Student Special Services staff.
4. Have the student activity card voided. *You retain the voided card and photo ID if future enrollment is anticipated.*

5. Refer to page 14 for discontinuance refund information.

Those students enrolled in *Evening Classes only will discontinue through the Office of Evening Classes, 105 HCEB*. Law School students will *initiate their discontinuance through the office of the Law School dean, 348 JRCB*.

Students who leave the university under emergency conditions and who subsequently do not return during the semester or term should contact the Student Special Services Office, 390 SWKT, Ext. 2767, at the earliest possible time to initiate official termination of course enrollment.

Graduate Information

It is the responsibility of each graduate student to understand and follow both the general requirements of the university for graduate work and the specific requirements of the department in which he or she is registered. These are available in the current BYU General Catalog, or from the department or Graduate Office.

Each graduate student must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester in which he or she (a) is accepted in a graduate program and (b) plans to graduate.

Graduate International Students

International students will also need to conform to the U.S. Immigration Regulations. This means registering for at least 9 semester hours of credit each Fall and Winter Semester. Anyone having fewer than 9 semester hours of credit remaining in the program will need to register for a minimum of 2 hours per semester. Questions concerning this requirement may be answered in the Graduate Office.

Registration for Faculty and Staff

Full-Time Teaching Faculty

1. **Registration for Fall and Winter Semesters.** Full-time teaching faculty may register for courses of study up to 6 hours per semester and will not be required to pay the regular cost of tuition.**

2. **Registration for Spring and Summer Terms.** Continuing faculty members not teaching during the Spring or Summer Terms may take any amount of credit hours and will not be required to pay the regular cost of tuition during the term they are not teaching. Faculty

members teaching during Spring or Summer Terms may take a limit of (a) 3 credit hours per term, (b) 6 continuous credit hours covering both terms (i.e., classes that begin at the start of Spring Term and run continuously until the end of Summer Term), or (c) 4 credit hours in one term and 2 credit hours in the other. If no classes are taken in Spring Term, 6 credit hours may not be taken in the Summer Term, and vice versa. No person may take more than 4 credit hours in one term.

3. **New Faculty.** New faculty members may not take class work during the Spring or Summer Term before they begin their school-year teaching assignment.

4. **Spouse.** The spouse of a full-time teaching faculty member may register for courses of study with no limit as to the number of hours day or evening and will not be required to pay the regular cost of the tuition.**

Administrative Personnel

The same information applies as for full-time faculty except Item 3. Administrative personnel become eligible for class work benefits the semester or term following their date of hire.

Full-Time Regular Staff

NOTE: See *Personnel Policies and Procedures* No. 502 for tuition benefits for full-time staff with less than five years' and greater than five years' continuous service.

1. **Registration for Fall and Winter Semester.** Full-time regular staff may register for courses of study up to 6 credit hours per semester and will not be required to pay the regular cost of tuition. Unless specifically authorized, courses may not be taken during regular working hours. Lunch hours, no matter when scheduled, may not be used for class attendance. Staff personnel working a regular schedule (8:00 a.m. to 5:00 p.m.) may not enroll in evening classes beginning approximately 4:00 p.m. or before.

2. **Registration for Spring and Summer Terms.** During Spring or Summer Terms, staff members may allocate their credit hours of class attendance as in Item 2a,b,c for full-time faculty.**

3. **Spouse.** After the staff employee has completed five years of continuous employment as a full-time regular staff member, his or her spouse may register for courses without restriction as to time or number of credit hours day or evening and will not be required to pay the regular cost of tuition.**

Part-Time Faculty

Part-time faculty members (not graduate assistants) may enroll in classes for the number of credit hours up to the number of hours they teach, not to exceed 5 hours per semester (3 hours per Spring or Summer Term), and will not be required to pay the regular cost of tuition *for the first 5 credit hours or less*. There is no provision for accrual of credit hours. Benefit is available only during the semester or term in which courses are taught. Part-time faculty members will need to pay for any additional hours they wish to take, but they may not become full-time students.**

Part-Time Staff, "Full-Time Staff" on a Temporary Basis, and Full-Time Special Staff

All such employees are ineligible for tuition benefits and must pay the current cost of tuition and fees for registration in courses.

Evening Classes Registration (Evening Only)

Employee tuition cards indicating eligibility for Evening Classes may be obtained at the Evening Classes Office, 105 HCEB (see instructions below).

Special Instructions (Please take note.)

1. **Applications for Approval of Daytime Class Work.** Applications for approval for employees to take daytime classes (7:00 a.m. to 5:00 p.m.) may be obtained at the Benefits Office, B-202 ASB, prior to registration.

APPROVAL FOR DAYTIME CLASS WORK RESTS WITH THE MANAGER OF EMPLOYEE BENEFITS.

2. **Admittance to the University Needed for Daytime Class Work. Faculty members, administrative personnel, staff members, spouses, and part-time faculty who are eligible to register for daytime classes must be properly admitted through the Admissions Office (see instructions following).

3. **Registration Schedule.** Please watch for university notices of times for advance registration. Contact the Registration Office, B-130 ASB, Ext. 2824, for information.

Evening Classes

Any eligible employee formally admitted to Brigham Young University may enroll for Evening Classes. Students not formally accepted may enroll for credit, provided they meet the following requirements:

1. They have earned a minimum high school or college grade point average of 2.5 and have submitted an application for enrollment,

together with a high school or college transcript to the Department of Evening Classes,

or

2. They will be nineteen years of age on or before August 31 of the academic year.
3. They have not been suspended for any reason from this or any other institution of higher learning.

Registration

Forms for registering may be obtained at the department offices (225 HRCB) or in the Benefits Office. Check the current Class Schedule for semester and term deadlines and watch the weekly *Y News* for instructions. To assure a place in the class of your choice, register early and before deadlines. **All completed registrations must be turned in to 225 HRCB. All matters concerning evening registration are handled in this office.**

Changes in Registration

To minimize changes in registration, employees should exercise great care in planning their schedules. When a change in registration becomes necessary, employees must obtain a Change in Registration card from 105 HCEB. The approval and signature of the instructors involved in the change are required.

Changes in registration may be made without charge during the first five class days of the Fall and Winter Semesters. Classes may be added during the first ten class days of Fall and Winter Semesters. Classes may be dropped during the first month of Fall and Winter Semesters. A fee of \$3.00 per class will be charged for each class dropped after the fifth day of class work.

During Spring Term or Summer Term, classes may be added during the first week only. Classes may be dropped during the first three weeks of classes. A fee of \$3.00 per class will be charged for each class dropped after the fifth day of class work.

Discontinuance

A student discontinuing his or her entire registration at Evening Classes is required to clear through this office (105 HCEB). A \$5.00 fee is charged for the service after registration has been finalized.

Day Classes for Credit

Employees or spouses who are eligible to take classes for credit at Brigham Young University must be formally admitted. To complete the admissions process, the employee

or spouse should obtain an Application for Admission from either the Admissions Office, A-153 ASB, or from any of the college advisement centers. Part A of the admission application must be completed. Official high school transcripts (for individuals who have never taken college-level work) or college transcripts (for individuals who have previous college work), should also be sent to the Admissions Office. A one-time \$15.00 application fee will also need to be paid at that time. Upon acceptance to the university, all advance registration materials will be sent to the employee or spouse for class registration. Employees and their spouses will need to bring their Confirmation of Registration to the Benefits Office, where final processing will be accomplished. Employees are reminded that a Request for Daytime Class Attendance form must be completed and finalized before finalization of registration takes place. For subsequent semesters, materials may be obtained at the college advisement centers. Apply for graduate credit through the Graduate School Office, B-336 ASB.

Times When Readmission Application Is Required

Having once been accepted, if the employee or spouse misses one full semester he or she must

go through the process of submitting new Parts A and B to the Admissions Office. No transcripts are required the second time unless additional college work has been completed elsewhere since the last enrollment at BYU.

Auditing Classes

All faculty, administrative and staff employees, or spouses who desire to audit classes at BYU should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited in this manner will not appear on official records. Staff employees are not eligible to audit daytime classes. If they wish to audit Evening Classes, they should do so through the Department of Evening Classes. Any exceptions should be cleared through the Benefits Office.

University Discontinuance

A BYU employee who discontinues his or her entire registration at the university is required to clear this termination through the office of Student Special Services, 390 SWKT. If all classes are evening classes, clear through Evening Classes, 255 HRCB.

FINAL EXAMINATION SCHEDULE FOR FALL SEMESTER 1982

Instructors are required to give a final examination for each class according to the schedule printed below. Second block class exams will be given according to the regular examination schedule. First block and evening school exams will be given during the last regular class period.

Students are expected to be at the examination. Early final examinations are not to be given students unless written permission has been granted by the Exception to University Policy Committee and by the individual instructor. (Students petitioning an early final examination may pick up a form in the Records Office, B-150 ASB.) If extenuating circumstances arise so that you cannot attend the final examination, the instructor may give an incomplete grade, permitting you to take the examination after the semester. (If you do not contact the instructor about missing the final examination or if an agreement is not made for giving an incomplete, the instructor should submit a final grade computing the weight of the final examination as an E.)

In cases where you have conflicting examinations or more than three examinations in one day, individual arrangements for alternative test times may be made by the instructor. Examinations will be held on December 17, 18, 20, and 21, with dead day on Thursday, December 16, 1982; therefore, December 15 will be the last day of instruction.

The specific examination schedule is as follows:

CLASS SCHEDULE ABBREVIATIONS

The courses in the Listing of Classes section are listed under their respective departments, which appear alphabetically. Abbreviations used in the Class Schedule are as follows:

DEPT—the department of the university which offers the class. The university is divided into ten colleges and each college is divided into various departments. See the BYU General Catalog for a listing of the colleges and departments at BYU.

CATG NO—the catalog number. Enter this number in the second column of the worksheet. The numbers indicate the following classifications:

Preparatory and remedial courses	1-99
Lower-division courses	100-299
Upper-division courses	300-499
Courses for graduates or advanced undergraduates	500-599
Graduate courses	600 or above

Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

R designates a course that may be repeated for credit. Two R courses with the same number on a transcript are treated as two independent courses.

If an R course is repeated for the purpose of raising the grade received, the grades will be averaged because it is assumed that the subject matter varies from time to time.

LAB OR QUIZ—lab or quiz section only.

SEC—section. When more than one class of a particular course is offered, they are distinguished by different section numbers. Enter this number in the third column of the worksheet.

INDEX—index number. Each class has a different index number for computer identification purposes. Enter this number in the fourth column of the worksheet.

CR HR—credit hours. To graduate, you must have completed 128 credit hours of course work. To graduate in eight semesters, you must average 16 credit hours per semester. V means variable credit hours. Register for the desired number of hours within the approved range indicated in the schedule (see advisement center for further information). "Arr." means credits to be arranged.

B L K—block. Each semester is divided into two blocks. Block classes are offered either during the first or second block of the semester.

DAYS TAUGHT—class days.

ROOM—BLDG—where the class meets (see below for building abbreviations).

SPECIAL ENROLLMENT—classes restricted to particular students.

GE CATG—Fills General Education Category 1, 2, or 3: R = Reading, W = Writing, M = Math, H = Health, AL = Arts and Letters, NS = Natural Science, SS = Social Systems, AW = Advanced Writing, EM = Extramajor Skill

APPROV OR FEE—classes requiring special approval. See the explanatory footnote at the bottom of every other page.

TBA—To Be Announced (see department).
